CAMRA's Good Beer Guide is fully revised and updated each year and features pubs across the United Kingdom that serve the best real ale. Now in its 46th edition, the guide is completely independent, with listings based entirely on evaluation and nomination by CAMRA members. The unique Breweries section contains a full listing of Britain's breweries - from national to micro - with information about their core beers.

From Belgian fruit beers to hoppy cask ales, small-production microbrews to Czech Republic lagers, this is a personal and comprehensive portfolio of international beers compiled by one of the world's leading beer writers. In this unique and beautifully illustrated collection, he has distilled decades of beer knowledge into an entertaining and indispensable guide to the ales that no beer lover should miss. The book divides beers by type, including bitters, best bitters, pilsners, brown and mild ales, pale ales, extra strong beers and bitters, old ales and barley wines, golden ales, porters and stouts, alt and amber ales, fruit beers, and beires de garde, each comprising an alphabetical listing of the beers. Many of the entries are fully illustrated, and each beer comes complete with a box panel for adding your own tasting notes. Information on the country of origin, beer strength, brewery, and a detailed description of the beer and its history are also given.

How punter power pulled the humble pint back from the brink, this is the surprising story of a very British consumer revolt! Following a cast of bloody-minded City

bankers, hippie microbrewers, style gurus, a Python, and a lot of men in pubs, Brew Britannia tells the story of the campaign to revitalise the nation's beer which became the most successful consumer revolt in British history! Fifty years ago the future of British beer looked as bleak as the weak, sweet, bland and fizzy pints being poured, as colossal combines took over the industry, closing local breweries and putting profit before palate. Yet today the number of breweries is at a post-war high, with over a thousand in operation, membership of The Campaign for Real Ale organisation (CAMRA) exploding in recent years with over 150,000 active members and exciting new developments brewing. In a barn in Somerset, plans are afoot to ferment a beer-cider hybrid with wild yeast that blows on the wind, while in Yorkshire an almost extinct style of 'salt 'n' sour' wheat beer is being resurrected for the 21st century. Whether you drink traditional, CAMRA-approved 'real ale' or prefer a super-strong, fruit-infused, barrel-aged Belgian-style 'saison', this astonishing story from the authors of popular beer blog Boak and Bailey will have you thirsty for more! Roger Protz is a beer writer with an international following. He has written more than 20 books on the subject, including the best-selling Ultimate Encyclopedia of Beer and 300 Beers To Try Before You Die. He edits the annual Good Beer Guide, published by CAMRA, the Campaign for Real Ale. He writes for the Morning Advertiser, BEER and What's Brewing in the UK, All About Beer in the United States and Beer & Brewer in Australia. He stages talks and beer tastings in a number of countries, including Friends of the Smithsonian in

Washington DC and the World Beer Festival in Durham, North Carolina, at the Great British Beer Festival and the BBC Food Show in the UK, and Beer Expo in Melbourne, Australia. He judges at the Great American and Great British festivals and the Brussels Beer Challenge. His awards include Drink Writer of the Year (twice) in the Glenfiddich Awards and gold and silver awards from the British Guild of Beer Writers. He has been given lifetime achievement awards from the British Guild of Beer Writers and the Society of Independent Brewers.

Explore the vibrant world of craft beer with Lonely Planet Global Beer Tour. We've selected some of the finest tap rooms, bars and breweries that thirsty travellers can visit in 30 countries around the world. Discover how to find them, which beers to sample, and learn about local places of interest with our recommended itineraries.

Each country is introduced by a beer expert and includes regional beverages that shouldn't be missed. There's a world of great beer to taste - go and discover it! So why go beer touring, especially when it's easy and cheap to find interesting craft beers in your local shop? Firstly, craft beer doesn't travel too well and is affected by changes in temperature and long distances. And secondly, due to the explosion in small-scale breweries, many great beers aren't distributed outside their city or region. Beer often tastes better the closer it is to home, especially if that's straight from a tap in the actual brewery. The craft beer revolution has seen waves of breweries open up to the public, not just in the United States, the UK and Australia, where the trend is well established, but all over the world. Visit European beer

capitals like Belgium, Italy and Germany, and sample local favourites in Canada, Australia and New Zealand. In Asia, explore hotspots in Japan, Vietnam and China, then venture to South America, Africa and the Middle East. Each brewery is accompanied by a selection of sightseeing ideas and activities, from local museums and galleries, to great hikes or bike rides. The book also features fun sections on beer trails, hangover cures and the world's wildest beers. There's also practical advice like how to ask for a beer in the local language and the ideal snacks to accompany your drink. These days, lager is practically the British national drink, and it is easy to think that lager appeared out of nowhere in the 1970s because that is when it made its great

breakthrough. In fact, lager first made serious inroads into Britain in the mid- to late 19th century, at the same time as it was sweeping the rest of the world to become the dominant global style. It was increasing antagonism towards Germany and the eventual outbreak of war in 1914 that arrested its progress, and kept Britain drinking ale for another 50 years. Gambrinus Waltz tells the story of how Londoners got their first taste for the beers of Munich, Vienna and Pilsen, in long-gone haunts where one could 'drink the long glass of lager in the most approved Continental manner, and listen to the strains of an admirable band'.
