We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

Mystery and romance in modern-day Pirates of the Caribbean. New non-fiction takes off on the high seas PORTSMOUTH, Va. – Cassandra's comfortable life on board her boat in Virginia's Portsmouth harbor is turned upside down when she falls for the captain of a visiting yacht. As the gripping plot of Debbiann Holmes' new novel, Unforeseen Circumstances (published by AuthorHouse) unfolds, Cassandra finds herself in the midst of secret pasts, mysterious men and modern day pirates. When Cassandra first meets the enigmatic yacht captain Seth, she feels an inexplicable attraction to him. Though her instincts tell her to run the other way, she cannot ignore her feelings for him. This attraction leads her into a rocky romance with Seth. Her relationship is made even more complicated when she befriends Luke, a member of Seth's crew whose past is as mysterious as Seth's. During a cruise in the Caribbean, Unforeseen Circumstances' turbulent love triangle becomes even more complicated when the yacht is attacked by pirates and Seth's past catches up to all of them. Luke ran in. "We are all set upstairs, I will go and greet our company," he said as he turned to leave. Greet our company! Why was Luke so calm about having pirates come aboard? Why, for that matter, was Seth not as concerned as I thought he should be, knowing that he was about to be taken over by pirates? I wanted to run, to hide, to be anywhere, but here. Everyone else was acting like this was no big deal, just another day! I couldn't even begin to understand! Filled with romance, intrigue, mystery and adventure, Unforeseen Circumstances is a voyage on the high seas written in the valiant spirit of Horatio Hornblower and The Sea Hawk.
