Knitting instruction and relationship therapy all in one—with lots of laughs along the way. For as long as women have been knitting, they've been knitting garments for men—only to have men hide their lovingly created pieces in drawers and closets. Men aren't being intentionally cruel; they're just not comfortable in knitwear made with bright colors, itchy yarn, or flashy designs. So what's a knitter to do? Understand the male psyche, says knitting instructor Bruce Weinstein. In *Knits Men Want* he presents ten hilarious essays, each based on a rule that helps women knit for men successfully. "Men Are Babies" explains why guys need to wear soft fabrics. "Men Hate Fittings" describes how to create a sweater based on one that's in his wardrobe. Following each essay is a timeless master pattern, from socks, hats, and scarves to an array of sweaters, all in a range of sizes and most written for multiple gauges. With this book in hand, women finally have the secret to knitting garments that men will appreciate and actually wear.

In a small wooded lot a busy woman stumbles upon a strange doll the neighbors possibly left. She attempts to reveal who brought the toy to her home, but she uncovers no real leads. Then when a letter turns up asking her to give the doll away as soon as possible, she ends up on the edge of reason as the doll is in the midst of being reclaimed by someone. The doll although small and cuddly resembles a somewhat black entity similar to a doll she keeps in her home, but when a nearby psychic and fortune teller comes to her home asking her to give up the doll to keep her sanity, but she refuses. The stuffed animal then turns out to be more than she bargained for when the bear starts to grow a tail and red eyes. When she discovers those details, she desperately tries to send it away to a pawn shop owner, but the next day he ends up dead, and a new feeling that the stuffed bear may not be what she considered a stuffed cuddly toy anymore. The story focuses on the character of Mary, and the stuffed bear that she suddenly inherits when the doll is left on her doorstep. She finds that although the stuffed bear did have an owner, he ended up in a mental institution, and the bear was simply left behind, either by someone else or the bear itself. She doesn't want to come to the terms that it could have ended up on her doorstep, by itself, but when the tale that the previous owner claimed is finally revealed, she desperately searches for an answer to the horror of Truggle.
