The #1 internationally bestselling, gripping true story of a frontline trauma surgeon operating in the world's most dangerous war zones For more than 25 years, surgeon David Nott has volunteered in some of the world's most dangerous conflict zones. From Sarajevo under siege in 1993 to clandestine hospitals in rebel-held eastern Aleppo, he has carried out lifesaving operations in the most challenging conditions, and with none of the resources of a major metropolitan hospital. He is now widely acknowledged as the most experienced trauma surgeon in the world. War Doctor is his extraordinary story, encompassing his surgeries in nearly every major conflict zone since the end of the Cold War, as well as his struggles to return to a "normal" life and routine after each trip. Culminating in his recent trips to war-torn Syria—and the untold story of his efforts to help secure a humanitarian corridor out of besieged Aleppo to evacuate some 50,000 people—War Doctor is a heart-stopping and moving blend of medical memoir, personal journey, and nonfiction thriller that provides unforgettable, at times raw, insight into the human toll of war.

Laura Tobin's a private investigator who's summoned to investigate a very peculiar murder --- one that occurs in The City of the Saved—a haven at the end of the Universe, populated by every human being or pseudo-human being who's ever lived. Except that in the City, all murders are literally impossible. But Laura's got a very dead body to prove otherwise. As part of her investigation, Laura will come across the machinations of the various powers within the City, including the Rump Parliament and the City Council and more --- and also perhaps the Secret Architects who built the City in the first place. And then there's Faction Paradox, a group of time-travelling ritualists, saboteurs and subterfugers -- essentially, the criminal-cult to end all criminal-cults. As always, the Faction's trying to subvert history to its own ends, preferably by letting its rivals kill each other off, then swooping in to seize whatever's left -- presuming the Universe survives the conflict...

People came from near and far to seek healing and protection through her strange rituals. Some even believed she could fly. Named Moll Derry and nicknamed the Witch of the Monongahela, her legend has been documented by writers and folklorists for more than two hundred years. She is intertwined in many regional tales, such as the Lost Children of the Alleghenies and Polly Williams and the White Rocks. Author Thomas White separates fact from fiction in the many versions of Moll Derry and recounts Western Pennsylvania's folk magic history along the way.

Pharma-funded mainstream media has convinced millions of Americans that Dr. Anthony Fauci is a hero. He is anything but. As director of the National Institute of Allergy and Infectious Diseases (NIAID), Dr. Anthony Fauci dispenses \$6.1 billion in annual taxpayer-provided funding for scientific research, allowing him to dictate the subject, content, and outcome of scientific health research across the globe. Fauci uses the financial clout at his disposal to wield extraordinary influence over hospitals, universities, journals, and thousands of influential doctors and scientists—whose careers and institutions he has the power to ruin, advance, or reward. During more than a year of painstaking and meticulous research, Robert F. Kennedy Jr. unearthed a shocking story that obliterates media spin on Dr. Fauci . . . and that will alarm every American—Democrat or Republican—who cares about democracy, our Constitution, and the future of our children’s health. *The Real Anthony Fauci* reveals how “America’s Doctor” launched his career during the early AIDS crisis by partnering with pharmaceutical companies to sabotage safe and effective off-patent therapeutic treatments for AIDS. Fauci orchestrated fraudulent studies, and then pressured US Food and Drug Administration (FDA) regulators into approving a deadly chemotherapy treatment he had good reason to know was worthless against AIDS. Fauci repeatedly violated federal laws to allow his Pharma partners to use impoverished and dark-skinned children as lab rats in deadly experiments with toxic AIDS and cancer chemotherapies. In early 2000, Fauci shook hands with Bill Gates in the library of Gates’ \$147 million Seattle mansion, cementing a partnership that would aim to control an increasingly profitable \$60 billion global vaccine enterprise with unlimited growth potential. Through funding leverage and carefully cultivated personal relationships with heads of state and leading media and social media institutions, the Pharma-Fauci-Gates alliance exercises dominion over global health policy. *The Real Anthony Fauci* details how Fauci, Gates, and their cohorts use their control of media outlets, scientific journals, key government and quasi-governmental agencies, global intelligence agencies, and influential scientists and physicians to flood the public with fearful propaganda about COVID-19 virulence and pathogenesis, and to muzzle debate and ruthlessly censor dissent.

America is at a crisis point. We have a limited amount of time to get it right. The nation must get “back on track” or be forever derailed. That is not melodrama. That is fact. Only Biblical truth can save our country. Some don’t seem to care that it is saved. But many of us do care. For our children, grandchildren, and future generations. There are six serious problems – racial strife, a massive immigration disaster, failure to understand Israel’s role in the world, millennial thinking, misunderstanding of the nature of government, and a church that has capitulated to culture – that are screaming for solutions. And the good news is: there are steps we can take. In this book, Pastor James Garlow and evangelical political activist David Barton present fellow Christians with six steps America needs to take to prevent chaos at this precarious moment in history.
