An endearing poem of a child who refuses tempting invitations, instead staying with her mother at playtime, blissful in her company. Words woven with great tenderness by the greatest poet of all times, a gentle verse for all the little ones.

The idea behind this book is that in complex societies like our own there are different worlds of literacy that exist side by side. This book presents a range of case studies describing some of these worlds of literacy and is carefully organised by theme, so as to bring out both the differences and connections between them.

This study draws from postcolonial theory, science fiction criticism, utopian studies, genre theory, Western and Indian philosophy and history to propose that Indian science fiction functions at the intersection of Indian and Western cultures. The author deploys a diachronic and comparative approach in examining the multilingual science fiction traditions of India to trace the overarching generic evolutions, which he complements with an analysis of specific patterns of hybridity in the genre's formal and thematic elements – time, space, characters and the epistemologies that build the worlds in Indian science fiction. The work explores the larger patterns and connections visible despite the linguistic and cultural diversities of Indian science fiction traditions.

The First Promise is a translation of Ashapura Debi s novel, Pratham Pratisruti, originally published in Bengali in 1964. Celebrated as one of the most popular and path-breaking novels of its time, it has received continual critical acclaim: the Rabindra Puraskar (the Tagore Prize) in 1966 and the Bharatiya Jnanpith, India s highest literary award, in 1977. Spanning the late eighteenth and early twentieth centuries, Ashapura tells the story of the struggles and efforts of women in nineteenth-century, colonial Bengal in a deceptively easy and conversational style. The charming eight-year old heroine, Satyabati is a child bride who leaves her husband s village for Calcutta, the capital of British India where she is caught in the social dynamics of women s education, social reform agendas, modern medicine and urban entertainment. As she makes her way through this complex maze, making sense of the rapidly changing world around her, Satyabati nurtures hopes and aspirations for her daughter. But the promises held out by modernity turn out to be empty, instigating Satyabati to break away from her inherited world and initiate a quest that takes her to the very heart of tradition.

The war for Indian independence may have ended in 1947, but for the Indian journalists working in an American news bureau in Delhi, it is still far from over 45 years later. Only Hari Rana can bridge the gap between East and West. His mission takes him to America, changing him fundamentally.

The provocative classic work newly updated An intimate personal odyssey across America's changing sexual landscape When first published, Gay Talese's 1981 groundbreaking work, Thy Neighbor's Wife, shocked a nation with its powerful, eye-opening revelations about the sexual activities and proclivities of the American public in the era before AIDS. A marvel of journalistic courage and craft, the book opened a window into a new world built on a new moral foundation, carrying the reader on a remarkable journey from the Playboy Mansion to the Supreme Court, to the backyards and bedrooms of suburbia—through the development of the porn industry, the rise of the "swinger" culture, the legal fight to define obscenity, and the daily sex lives of "ordinary" people. It is the book that forever changed the way Americans look at themselves and one another.

Memoir of an Artist is a compelling account of an unpredictable life that stretches through India, Nigeria, and Paris. As a student, he was a witness to the student revolt in Paris in 1968; in the seventies, he was in Nigeria observing the post-Biafra scenario as a teacher in the university. As a product of institutional education that shaped and groomed the new artists, he realizes the impact of Eurocentric dialogue on Indian art so imposing that it makes Indian art in perpetual transit. Again, in the process of creating dialogue within Kolkata life, author discovers contemporary art indeed has no social connectivity; thus, the educated progressive is unable to dialogue with the progressing art. Indian modernism has become a manufactured brand within art commerce, aligned to global marketing. Meanwhile, life has many spectrums, and the author has observed the modernistic agenda

exists in contemporary art, as in many activities of Indian life, but each is like an island without connectivity.

'Contemporary romance's unicorn: the elusive marriage of deeply brainy and delightfully escapist.' Christina Lauren, New York Times bestselling author of The Unhoneymooners When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships but her best friend does, and that's what got her into this situation. Convincing Anh that Olive on her way to a happily ever after was always going to be tough, scientists require proof. So, like any self-respecting woman, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor and well-known ass. Which is why Olive is positively floored when he agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire and Adam surprises her again with his unyielding support (and his unyielding abs), their little experiment feels dangerously close to combustion. Olive soon discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.
