While most of the early English-language books on feng shui were dauntingly mystical or relied on complex calculations or culturally specific design practices, Feng Shui Made Easy took a more holistic approach, clearly explaining the fundamentals while guiding readers on an inner journey of understanding. Thoughtfully written and beautifully illustrated, the book is structured around an "architecture of consciousness" that is really the inner landscape. The book explores each "house" of the bagua—the chart representing one's journey through life; relationships with parents, loved ones, and community; creativity; spirituality; and connectedness to the source of life—and the symbolism of the corresponding I Ching trigram.

This is an illustrated book with a serious but entertaining overview of how we need to integrate our animals into our Feng Shui applications. Our pets improve our health by curling up with us, perhaps protect our homes like sentries, and commiserate with us about work and love. By understanding the octagon of the "fur bagua," we integrate our pets' lives into the dynamic of our household, and all will live more harmoniously, whether furry, feathered, or scaly. This is the first book to introduce animals into our Feng Shui.

Feng Shui is the knowledge of how to grasp the quality of a place and shape it according to one's own ideas with the help of physical and magical methods. Feng Shui is therefore related to geomancy, leyline lore, dowsing and pendulum. However, there are also close and very direct connections to crop circles, knowledge of acupuncture meridians, chakras, astrology, dragons in myths, and much more - which may not be immediately apparent at first glance. The method of recognizing the quality of a place is as precise as a science - certain forms can be clearly assigned to certain qualities. This analytical approach is then complemented by magical methods such as dream journeys, clairvoyance, family constellations, tarot cards, and the like. Imprinting the life force of a place is ultimately the same as charging a talisman or consecrating a temple. One should not overestimate the influence of places, but one should also not underestimate the benefit of shaping a place according to one's own ideas. In such a materially and magically designed place, one can do what one wants to do in an effortless way. And why not make life a little easier for yourself?
