

First Grade Summer Homework Packet

Life is like an airplane that goes really fast. We are only allowed to go forward; we can never turn back. Time makes us old, and love make us sore. There's a lot of happiness in our lives, but there's also much sorrow. That is life! That is what makes life so wonderful: happiness sometimes, and sadness other times! Some people might think sadness is not a wonderful thing to keep, and that's true. But if we only had happiness without any sadness, our lives wouldn't be that fun anymore. I know sadness feels really bad. It hurts us a lot. Some people even lose their life because of tears, but everybody has to have some sadness throughout life. We just hope sad times go away faster, and happy moments last longer! Remember, always smile while facing any emotional issues. It'll make life a lot better! Accept the truth, and always trust yourself.

10 weeks of daily lessons that will help prepare children for third grade

A little girl and her family are getting ready to go on vacation . . . or at least they are trying to. In the effort to pack everything that will be needed, there's bound to be something overlooked, and what that is provides a funny ending to this meter-perfect "twist" on Clement Moore's classic.

Eliminate summer learning loss with this easy-to-use resource for parents. Keeping the skills your child learned in third grade sharp while on break from school will help his or her fourth grade year get off to a great

start. This standards-based tool provides 9 weeks of engaging and relevant lessons that support content learning in social studies, writing, reading, science, math, and art. This resource makes summer learning fun by incorporating everyday family activities that are easy for parents to implement. This standards-based resource also addresses shifts in Common Core and other state standards, and the parental-support tools will help parents prepare their children for academic success. Fun and engaging activity pages that reinforce the alphabet, reading, writing, phonics, math skills, and more, and prepare preschoolers for kindergarten! From the editors of Weekly Reader.

Mastering first grade phonics and spelling is fun and exciting with this book that combines language arts activities with puzzles and humor to lower the barriers to learning and build essential skills. Phonics and spelling are important building blocks for future learning, and Highlights(TM) brings Fun with a Purpose® into these essential activities for first graders. Our award-winning content blends important language skills with puzzles, humor, and playful art, which makes learning exciting and fun. Students will learn blends, digraphs, vowel sounds, spelling patterns, decoding skills, and more--all designed to help them to improve and build confidence in the classroom.

GET READY TO HEAD BACK TO CLASS! Prepare your child for 2nd grade with this reading workbook full of fun, engaging exercises and activities, designed to refresh kids on what they need to know before returning to school. Parents, you know that disruptions (whether for

summer break, vacations, or other reasons) can put your child's education on pause. By adding just a few pages per day of material learned in the previous grade into kids' routines, you can help your child keep their skills fresh and set them up success for when they return to the classroom! The exercises and activities in Get Ready for 2nd Grade Reading are drawn from our top-selling SUMMER SMART workbook series (designed to combat summer "learning loss"). Inside, you'll find:

- Links to download printable versions of activities with physical components (coloring, tracing)
- 55+ pages of teacher-created learning exercises to reinforce reading skills that your child should know going into 2nd grade
- Fun, engaging activities that feel like play

With Sylvan Learning, you don't have to compromise between entertainment and education. Your child will love the great mix of activities, stories, and games in these pages. You'll love seeing their improved confidence and newfound love of learning!

A fresh retelling by Byron Barton of the well-loved story of the little red hen who grows grain, threshes wheat, and feeds her chicks--all by herself, without any help from her lazy friends. Mr. Barton's simple words, bold images, and imaginative use of color have made his many picture book perennial favorites with young children.

"Builds confidence and self-esteem with activities that prepare students for the first grade."--Cover.

Provides weekly spelling lists and homework activities to teach spelling, using words children will encounter in their reading and writing during third grade.

“A truly exceptional book.”—Washington Post There's bad news and good news about the Cutter High School swim team. The bad news is that they don't have a pool. The good news is that only one of them can swim anyway. Bestselling author Chris Crutcher's controversial and acclaimed novel follows a group of outcasts as they take on inequality and injustice in their high school. "Crutcher's superior gifts as a storyteller and his background as a working therapist combine to make magic in *Whale Talk*. The thread of truth in his fiction reminds us that heroes can come in any shape, color, ability or size, and friendship can bridge nearly any divide.”—Washington Post T.J. Jones hates the blatant preferential treatment jocks receive at his high school, and the reverence paid to the varsity lettermen. When he sees a member of the wrestling team threatening an underclassman, T.J. decides he's had enough. He recruits some of the biggest misfits at Cutter High to form a swim team. They may not have very much talent, but the All-Night Mermen prove to be way more than T.J. anticipated. As the unlikely athletes move closer to their goal, these new friends might learn that the journey is worth more than the reward. For fans of Andrew Smith and Marieke Nijkamp. "Crutcher offers an unusual yet resonant mixture of black comedy and tragedy that lays bare the superficiality of the high-school scene. The book's shocking climax will force readers to re-examine their own values and may cause them to alter their perception of individuals pegged as 'losers.'"—Publishers Weekly An American Library Association Best Book for Young Adults New York Public Library Books for the

Teen Age Features a new afterword by Chris Crutcher
One of the launch titles in the amazing new Essential Picture Book Classics list from HarperCollins, this book contains five engaging, warm and very funny stories about Frog and Toad.

THE INSTANT NEW YORK TIMES BESTSELLER From age 5 to 12, parenting decisions get more complicated and have lasting consequences. What's the right kind of school? Should they play a sport? When's the right time for a phone? Making these decisions is less about finding the specific answer and more about taking the right approach. Along with these bigger questions, Oster investigates how to navigate the complexity of day-to-day family logistics. *The Family Firm* is a smart and winning guide to how to think more clearly - and with less ambient stress - about the key decisions of these early years.

A unique blend of age-appropriate tracing and writing activities are combined with puzzles to make learning fun while helping kindergarteners build alphabet and handwriting skills and develop lifelong learning confidence. Identifying letters and learning to write letters and words are important steps toward reading readiness, and *Highlights (TM)* infuses Fun with a Purpose® into these essential learning activities. With vibrant art and engaging prompts, *Writing* exposes kindergarteners to letters and words through tracing and writing practice and the fun of puzzles and other activities, including *Hidden Pictures®* puzzles and mazes.

College Algebra provides a comprehensive exploration of algebraic principles and meets scope and sequence

requirements for a typical introductory algebra course. The modular approach and richness of content ensure that the book meets the needs of a variety of courses. The text and images in this textbook are grayscale.

The International Bestseller 'With clarity and compassion, DiAngelo allows us to understand racism as a practice not restricted to "bad people." In doing so, she moves our national discussions forward. This is a necessary book for all people invested in societal change' Claudia Rankine

Anger. Fear. Guilt. Denial. Silence. These are the ways in which ordinary white people react when it is pointed out to them that they have done or said something that has - unintentionally - caused racial offence or hurt. After, all, a racist is the worst thing a person can be, right? But these reactions only serve to silence people of colour, who cannot give honest feedback to 'liberal' white people lest they provoke a dangerous emotional reaction. Robin DiAngelo coined the term 'White Fragility' in 2011 to describe this process and is here to show us how it serves to uphold the system of white supremacy. Using knowledge and insight gained over decades of running racial awareness workshops and working on this idea as a Professor of Whiteness Studies, she shows us how we can start having more honest conversations, listen to each other better and react to feedback with grace and humility. It is not enough to simply hold abstract progressive views and condemn the obvious racists on social media - change starts with us all at a practical, granular level, and it is time for all white people to take responsibility for relinquishing their own racial

supremacy. 'By turns mordant and then inspirational, an argument that powerful forces and tragic histories stack the deck fully against racial justice alongside one that we need only to be clearer, try harder, and do better' David Roediger, Los Angeles Review of Books 'The value in White Fragility lies in its methodical, irrefutable exposure of racism in thought and action, and its call for humility and vigilance' Katy Waldman, New Yorker 'A vital, necessary, and beautiful book' Michael Eric Dyson
