The funny, shocking truths from the desk of an extremely experienced journalist.

This memoir was inspired by the authors encounter with Palestinian women political prisoners of NeveTirza Beit Soar. It begins with the journey she took through North Africa in 1970 and ends in an Israeli jail. It describes a tumultuous era, the experiences of women travelling unescorted amidst men, and the daily life of an Israeli prison. The tales of *The Prison Dance* are poignant, sometimes tragic, but frequently humorous, owing to the often bizarre quality of events that transpired. As the

Keeping in view the role of the police in a modern society, the respect for the rule of law and the trust of the community as a critical resource, more and more police organizations around the world have embraced Community Policing with the objective of making the police sensitive to the needs of the community. However, in the absence of an institutional and legal framework and a resultant lack of understanding of the dynamics of policy processes, many such initiatives failed to stand the tes...

As a Christian mother, I try to teach my daughters lessons of God's love and grace. However, as they grow, I find my girls are the ones teaching me God-sized lessons. I've learned to throw out my plans and live by faith. I've learned to earnestly pray and wait expectantly for God's response. I've learned to listen for God's still, small voice. I've learned to roll up my sleeves and be a "fisher of men." I've learned to seek God's blessings in the practical day-to-day experiences of life. I hope you

At the age of 23, Stacy Dittrich became the first female officer hired by her town in Ohio. In *Stumbling Along the Beat*, Dittrich reveals, for the first time, what she really faced when she put on her uniform and badge. In this uncensored account, she takes the reader behind the scenes to show the realities of life inside a local police department. She lays bare the discrimination she faced,

the ugly politics within the department, and how she finally won the respect she deserved. Reflecting on her years of work in the sex crimes unit, Dittrich tells how she learned to keep her composure in the face of some of the most horrifying and heartbreaking crimes imaginable. Finally, she reveals her daily struggle to balance her work with her life as the mother of two young daughters and the wife of a fellow police officer, including the fear that when she kisses her family good-bye to go to work, it might be for the last time. Funny, moving, and fast-paced, *Stumbling Along the Beat* is as unforgettable as it is eye-opening. Dittrich's story will obliterate any preconceived notions of what it means to be a cop, especially when you're also a woman.

Emma Peel wearing her "kinky boots." Amanda King and her poppy seed cake. Julie Barnes at her hippie pad. Honey West with her pet ocelot. Television's female spies and crimefighters make quite an impression, yet there hasn't been a reference book devoted to them until now. This encyclopedic work covers 350 female spies, private investigators, amateur sleuths, police detectives, federal agents and crime-fighting superheroes who have appeared in more than 250 series since the 1950s, with an emphasis on lead or noteworthy characters. Entries are alphabetical by series, featuring credits and synopses, notable plot points, interesting facts and critical commentary on seminal series and characters. A brief history of female spies and crimefighters on TV places them in chronological perspective and sociological context. This book examines the history of policewomen from

1880 to 2012, particularly in the United States. It looks at the problems women had being accepted into the male police establishment and at the harassment and discrimination they often suffered from male officers. For women in policing there were three distinct phases. First was acceptance into forces as police matrons, starting in about 1880 in a serious way. Second came their acceptance as policewomen (when that title was officially bestowed on them by employing forces), starting around 1910-1916. Third was the acceptance of female police as general duty officers, used interchangeably with male officers, beginning in the late 1960s and early 1970s. Not coincidentally, a very strong and active women's movement was the driving force behind all three phases. While women in policing have moved from matrons in 1880 to policewomen in 1910 (with extremely limited duties) to regular officers in the 1970s, they faced harassment and discrimination that only worsened as they drew closer to equality--conditions that persist today.

This book examines the development of women in the Hong Kong Police Force (HKP) over the past 68 years, beginning from the early colonial years when calls to include women in law enforcement first emerged, to the recruitment of the first female sub-inspector in 1949, and through to the current situation where policewomen constitute 15% of the total HKP establishment. What accounts for these developments and what do they tell us about organisational culture, gender and colonial policing? This interdisciplinary work is relevant to fields including women's studies, gender studies, policing studies, criminology, colonial history, sociology, and organisational studies, and will appeal to academics, students

and lay readers interested in the development of women in policing.

A twenty-year veteran of the L.A.P.D. describes the first time she fired a gun, working undercover, sexual harrassment on the job, and her sexual relationships with men on the force. Reprint.

Today, we take female police officers and workers for granted. But what is the truth behind the scenes? Author Janis Appier traces the origins of women in police work beginning in 1910, explaining how pioneer policewomen's struggles to gain footholds in big city police departments ironically helped to make modern police work one of the more male dominated occupations in the United States. 12 illustrations.

Examines what it takes to survive when a woman enters the "biggest boys' club in America"--the police forces.

The critically acclaimed memoirs of one female police officer's sixteen-year odyssey, beginning with day one at the Police Academy and spanning assignments on Chicago's West Side, one of the most dangerous areas in the city. The notorious cops' code of silence is broken as the author recounts incidents in the West Side projects: shoot-outs, ambushes, and what it feels like to kill a man—just four days out of the Academy. The stories told are sometimes tragic, sometimes funny, often poignant, and always provide the reader with an on the scene feel for life behind the badge.

Domestic violence, murdered spouses, abused children, and philandering CPD brass are just some of the topics addressed, topics that officer Gallo dealt with everyday. From her work with gangs, narcotics, the gun task force, and acting as a prostitute, Gina Gallo offers a gritty account of the darker side of the city, giving readers an objective side to the cops, crooks, and victims that comprise a the police cops world. A comprehensive social history of the role of women in United States municipal policing.

On 27 November 1914, a monumental event in women's history occurred - the first female police officers (part of the Women Police Volunteers) went on duty in Grantham, Lincolnshire. The decision would quickly have an effect on female liberation. Suffragettes were behind the movement to see women on the beat. The Women Police Service was founded in 1914 in part because it was felt women in uniform would be better at deterring pimps and stopping girls from going into prostitution, but also because female campaigners wanted to take advantage of the First World War to push women into male work roles. Early policewomen were pioneers, but they faced great prejudice and hardship, often placed in vulnerable positions and left feeling isolated. Yet they were not so alone for across the country women were taking on roles traditionally reserved for men. 27 November 1914 was a turning point: it was the day the world changed.

cartels operate as dominating, murderous dictatorships. The powerful Irish Drug Cartel has set up drug manufacturing plants around the world and they will kill anyone who gets in their way. Sarah is an ambitious policewoman from an antiterrorist unit. She's also smart, beautiful, and extremely good at her job, which is why she is assigned to an Interpol Incident Response Team in Manchester, set up to find and stop The Cartel.

Alongside colleagues from the United Kingdom's SAS, she must quickly learn new Close Quarters Battle tactics and apply them to a vengeful and threatening battlefield. Sarah's investigation appears to be going well until the fight turns personal. She must now struggle to save her friends, family, and even herself. Spanning the globe with a keen knowledge of special forces tactics and some genuinely shocking twists, this book warns of a bloody, drug-addled future we may soon face.

Pamela Rhodes, one of the first British policewomen,

tells her fascinating story in *Bobby on the Beat*. Back in 1950 Pam became one of the first policewomen in the country. But the force's new female recruits faced a sceptical public in rural Yorkshire and even before they stepped out on the beat there were the prejudices of older male officers to overcome. Yet from the first Pam was thrust into the front line. From runaway bulls to investigating ladies of the night and cases of vice, her innocent eyes were quickly opened. And soon, spending her days on the streets, she came to know the neighbourhood and the extraordinary characters who lived on the right, as well as wrong, side of the law. In the charming *Bobby on the Beat*, Pamela Rhodes's tales of life as a copper provide a fascinating glimpse of country life now long gone - when seeing a bobby on the beat meant all was well. Pamela Rhodes lives in Scarborough, where she was one of the first WPCs in Britain in the 1960s. Her unique story was picked up when she entered the life-story competition run by Penguin and Saga Magazine, in which she placed as a runner-up. This is her first memoir.

So many people asked the author: 'But what does a policewoman do?' Six years policing London's West End in the 1950s provided plenty of answers. In this book, Joan Lock gives them with honesty and humour. She takes us behind the scenes, into the life of an ordinary police officer - not the familiar CID crime buster. We accompany her 'on the beat' for early, late and night shifts, and experience the public's friendly, curious or downright rude reactions to a woman in authority. The lady policeman makes mistakes, is less than efficient at times, and even breaks some of the sacred disciplinary rules. Her work included dealing with runaway

juveniles, attempted suicides, abandoned babies and the mental disturbed. She sees an astonishingly varied cross-section of London life: Piccadilly Circus at dawn, devoid of traffic and still wet from the attention's of the council's cleaning department; the Mall at the Trooping of the Colour ceremony; the foyer of a cinema on a royalty-studded premiere; hostels and hospitals, prisons and courtrooms. There are visits to nightclubs for observations or raids, and glimpses into training school and 'The Yard'. Her 'patch' took in cosmopolitan Soho and wealthy Mayfair where prostitutes lined many of the streets. In the line of duty Joan even posed as one of them. 'On the whole,' she says, 'it was quite an experience.'

The Village of Cincinnati appointed its first marshal, James Smith, in 1802. Today the Cincinnati Police Department boasts a dedicated staff of more than 1,000 sworn officers. Throughout its 200-plus years, the department has celebrated many firsts, such as being the first police agency to use telephones, and has also persevered through some difficult times, the most recent being the 2001 race riots. The Cincinnati police have won such awards as the Best Community Police Program by National League of Cities, the Governor's Community Policing Award of Excellence, and more than 35 local, state, national, and international awards. Programs like the Cadet/Intern Program, the Civilian Volunteer Program, the Juvenile Aid Bureau, the Youth Services Section, and the Citizens Police Academy are ways the police have reached out to the community to educate and protect over the years.

Many aspects of British detective fiction are intriguingly different from the American detective fiction. And, confusingly, many of the British women detectives who have made it to American television are far from typical of the latest women detectives. This work is a study of British detective fiction with

female protagonists written by women. Authors included are P.D. James, Jennie Melville, Liza Cody, Val McDermid, Joan Smith and Susan Moody. Special attention is paid to the evolution of the British female sleuth from the 1960s to the year 2000, particularly the 1980s, and how this shaped and altered detective fiction. Also discussed is the effect of the British judicial system and gun laws on detective fiction and real life, the types of crimes women detectives usually investigate, why certain directions have been taken and which ones may be taken in the future, issues being raised by the authors, and new women authors of detective fiction with female protagonists.

This third edition provides thoroughly updated information on the status of women in all aspects of the U.S. criminal justice system, from incarcerated women to professionals in the legal, law enforcement, and correctional fields. While concentrating on the present, Clarice Feinman traces changes in theories, goals, practices, and policies concerning women of different racial, ethnic, and socioeconomic backgrounds--be they offenders, professionals, or reformers--since 1800, with a focus on why changes occurred. This unique text is an important tool for filling gaps in information, continuity, and understanding of issues affecting women in the up-hill battle to transform this male-dominated system.
