Read the New York Times bestseller that has taken the world by storm In this "charming debut" (People) from one of Sweden's most successful authors, a grumpy yet loveable man finds his solitary world turned on its head when a boisterous young family moves in next door. Meet Ove. He's a curmudgeon--the kind of man who points at people he dislikes as if they were burglars caught outside his bedroom window. He has staunch principles, strict routines, and a short fuse. People call him "the bitter neighbor from hell." But must Ove be bitter just because he doesn't walk around with a smile plastered to his face all the time? Behind the cranky exterior there is a story and a sadness. So when one November morning a chatty young couple with two chatty young daughters move in next door and accidentally flatten Ove's mailbox, it is the lead-in to a comical and heartwarming tale of unkempt cats, unexpected friendship, and the ancient art of backing up a U-Haul. All of which will change one cranky old man and a local residents' association to their very foundations. A feel-good story in the spirit of The Unlikely Pilgrimage of Harold Fry and Major Pettigrew's Last Stand, Fredrik Backman's novel about the angry old man next door is a thoughtful exploration of the profound impact one life has on countless others. "If there was an award for 'Most Charming Book of the Year, ' this first novel by a Swedish blogger-turned-overnight-sensation would win hands down" (Booklist, starred review).

At sixteen, Emmie Blue stood in the fields of her school and released a red balloon into the sky. Attached was her name, her email address...and a secret she desperately wanted to be free of. Weeks later, on a beach in France, Lucas Moreau discovered the balloon and immediately emailed the attached address, sparking an intense friendship between the two teens. patiently for him to finally admit that she's the one for him. So dedicated to her love for Lucas, Emmie has all but neglected her life outside of this relationship—she's given up the search for her absentee father, no longer tries to build bridges with her distant mother, and lives as a lodger to an old lady she barely knows after being laid off from her job. And when Lucas tells Emmie he has a big question to ask her, she's convinced this is the moment he'll reveal his feelings for her. But nothing in life ever quite goes as planned, does it? Emmie Blue is about to learn everything she thinks she knows about life (and love) is just that: what she thinks she knows. Is there such thing as meant to be? Or is it true when they say that life is what happens when you are busy making other plans? A story filled with heart and humor, *Dear Emmie Blue* is perfect for fans of *Eleanor Oliphant Is Completely Fine* and *Evvie Drake Starts Over*.

'In a world beset by burnout, Greg McKeown's work is essential' -- Daniel H. Pink 'Effortless shows that achieving more doesn't have to be as hard as we make it out to be' -- Arianna Huffington FROM THE INTERNATIONALLY BESTSELLING AUTHOR OF ESSENTIALISM COMES A GUIDE TO MAKING THE MOST IMPORTANT TASKS EFFORTLESS The intricacy of modern life has created a false dichotomy between things that are 'hard and important,' and those that are 'easy and trivial.' In *Effortless*, he offers practical strategies for making the most vital tasks the easiest ones. Honed over the better part of a decade, these strategies include: · Asking 'What Step Can I Remove?' (accomplish more, in fewer steps) · Having the Courage to Be Rubbish (prioritize progress over perfection) · Deciding What 'Done' Looks Like (don't keep running after you pass the finish line) McKeown's philosophy of essentialism has helped thousands to eliminate nonessential activities and focus on the few that really matter. Working out what is essential is the first step - making these tasks effortless is the next. *Effortless* will show you how.

A celebration of waiting throughout history, and of its importance for connection, understanding, and intimacy in human communication We have always been conscious of the wait for life-changing messages, whether it be the time it takes to receive a text message from your love, for a soldier's family to learn news from the front, or for a space probe to deliver data from the far reaches of the solar system. In this book in praise of wait times, award-winning author Jason Farman passionately argues that the delay between call and answer has always been an important part of the message. Traveling backward from our current era of Twitter and texts, Farman shows how societies have worked to eliminate waiting in communication and how they have interpreted those times' meanings. Exploring seven eras and objects of waiting—including pneumatic mail tubes in New York, Elizabethan wax seals, and Aboriginal Australian message sticks—Farman offers a new mindset for waiting. In a rebuttal to the demand for instant communication, Farman makes a powerful case for why good things can come to those who wait.

With this book, you will: Build your personal brand & unlock more job opportunities Make new connections that genuinely support and appreciate you Live a life full of awesome people who wants you to succeed My name is Tam and through networking... I was able to land my dream job as the Entrepreneurship Director for Camp BizSmart, teaching at places like Stanford University. I got to host events and connect with major influencers like Venture Capitalists, Investors, and Entrepreneurs at VC firms on Sand Hill Road. I met my entrepreneur heroes: Steve Blank, Eric Ries, and Alex Osterwalder. I also geo connected with my other role models like James Altucher & Ryan Porter. I was able to land speaking gigs for clients like Rotary International, AIESEC United States, & TEDx! Because of my network, I have to consistently turn down job opportunities from powerful people because I simply cannot do them all. I'm not saying this to brag, I'm sharing this with you to prove that ANY ONE can do this. When I graduated from school, I was a NOBODY. The best advice I got was: "Just go network!" But honestly, what does "networking" even mean!? Does that mean I have to suck up to people for them to like or notice me? Why would business professionals want to talk to a young guy like me? I was confused. No one taught me how to network. I always imagined we had to exchange business cards with each other and talk about golf. Fast forward two years later, I have been blessed to be connected with many influential people including entrepreneurs, authors, investors, business professionals, creative artists, and so much more. I didn't grow up rich. My family isn't well-connected. I'm not blessed with any special talents. So how did I do it? I want to share exactly

what I did to build my network so that you don't have to go through the hardships and struggles that I went through.
