

Human Resource Management Gary Dessler 13th Edition

This text is designed to provide authoritative and accurate information on HR-related responsibilities and personnel management by focusing on practical applications, concepts, and techniques that all managers can use in business. Note: If you are purchasing an electronic version, MyManagementLab does not come automatically packaged with it. To purchase MyManagementLab, please visit www.MyManagementLab.com or you can purchase a package of the physical text and MyManagementLab by searching for ISBN 10: 0133125319 / ISBN 13: 9780133125313. Human Resources Management in Canada gives an in-depth look at the key topics covered in an introductory course, balancing theory and practice. Appropriate for both future HR Professionals and future line managers, it references the RPCs that are necessary for certification while balancing this with the line manager's perspective, showing the importance of HRM in daily interactions and in achieving corporate objectives.

A Framework for Human Resource Management provides readers and practicing managers with a concise yet thorough review of essential HR management concepts—including fundamental practices, methods, topics, and relevant legal findings—in a highly readable and accessible format.

This market-leading text takes a pragmatic approach emphasizing the strategic role of human resources. Comprehensive, research-based coverage includes all major topics identified on the Human Resource Certification Institutes Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production, quality, and service.

Modern human resources: technology, social media, and management. Human Resource Management provides students with an introduction to the daily tools and skills they'll need to function as successful managers -- in both human resources and business in general. With a practical approach, the text explores the evolution of the field, highlighting the introduction of revolutionary new technologies and social media platforms. The 16th Edition focuses on the positive impacts technology has had on the HR field. For example, the ability to vet potential employees on the internet has shifted more HR responsibilities to managers, leaving HR departments with more time to carry out strategic, long-term endeavors for boosting employee performance and engagement. With a heavy focus on emerging industry trends, the text prepares students with everything they need to be successful managers and HR personnel in the 21st century. For courses in management . Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key

vocabulary all in one place, even when offline. Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it. Educators can easily customize the table of contents, schedule readings and share their own notes with students so they see the connection between their eText and what they learn in class -- motivating them to keep reading, and keep learning. And, reading analytics offer insight into how students use the eText, helping educators tailor their instruction. NOTE: This ISBN is for the Pearson eText access card. For students purchasing this product from an online retailer, Pearson eText is a fully digital delivery of Pearson content and should only be purchased when required by your instructor. In addition to your purchase, you will need a course invite link, provided by your instructor, to register for and use Pearson eText.

This book is a brief, 2-color, paperback version of Dessler's Management: Leading People and Organizations in the 21st Century 2/e. It covers all key topics in management, in a traditional Planning, Organizing, Leading, and Controlling framework. Chapter topics include managing in the 21st century, managing in a global environment, making decisions, planning and setting objectives, strategic management, the fundamentals of organizing, designing organizations to manage change, staffing the organization, being a leader, motivating employees today, communicating in today's organizations, managing groups and teams, managing organizational and cultural change, and controlling and building commitment. For all levels of managers in a variety of fields and industries.

"Human Resource Management provides students with an introduction to the daily tools and skills they'll need to function as successful managers -- in both human resources and business in general. With a practical approach, the text explores the evolution of the field, highlighting the introduction of revolutionary new technologies and social media platforms. Strategic Human Resource Management has been a topic familiar to many. But this book approaches the same topic in a current global economy with so many Indian business houses venturing into acquiring global giants and establishing themselves atop of the world of business in our growing economy. This means that with electronic communication making the world into a global village and virtual organizations and learning having made the distinction between 'place' and 'space' not a matter of importance, strategies to be adapted by the HR professionals should be totally new. That is where this book is having a new approach to SHRM. It is interspersed with contemporary Indian cases and experience to fall back on to illustrate the different strategies HR has to play as a business partner. Issues in employee privacy in case of virtual organizations have been vividly dealt with. Gone are the days of the fire-fighting role of HR professionals. They are required to play a vital role being part of the business strategy not only at the domestic arena but also in the global business. Challenges involved in building multicultural organizations, cross border merger and acquisition and repatriation and outsourcing are topics that are significant in the local as well as the global human resource management which are discussed extensively. The book explains career planning and development and compensation packages in the context of competencies and balanced scorecard. When speed and alacrity are demanded of all the employees to stay ahead of competition, the employees are required to put in extended hours and work in a stressful environment. Hence, the new-era HR professional has to resort to developmental activities through mentoring, coaching, counseling, stress management and emotional balance. The book is divided into five parts. Apart from the stories narrated within the text of the book, and some exercises, there is a separate section of cases at the end of the book to augment the concepts narrated in each part. It would not only fully meet the requirements of MBA

students but would also give new direction to the practicing HR professionals. For undergraduate and graduate courses in human resource management. A concise yet thorough review of essential HR management concepts. A Framework for Human Resource Management provides students and practicing managers with a concise yet thorough review of essential HR management concepts-including fundamental practices, methods, topics, and relevant legal findings-in a highly readable and accessible format.

Fundamentals of Human Resource Management 1/e, is the first human resource management text that is built from the ground up to address the new guidelines set forth by the Society for Human Resource Management (SHRM). The book has a modular approach, with an emphasis on integrating HR Content, Personal Competencies, and relevant Business Applications.

This second edition contains a wealth of material on the theory and practice of Human Resource Management in Australia. The authors draw on engaging material from practitioner experience, academic literature and current media sources. Author Griffiths from La Trobe University and author Lloyd-Walker from Victoria Uni of Technology.

Human Resource Management provides students with the daily tools and skills they need to function as successful managers—in both human resources and business in general. With a practical approach, the text explores the evolution of the field, highlighting the introduction of revolutionary new technologies and social media platforms such as LinkedIn and cloud computing. The fifteenth edition focuses on the positive impacts technology has had on the HR field. The ability to vet potential employees on the Internet shifts more HR responsibilities to managers, leaving HR departments with more time to carry out strategic, long-term endeavours for boosting

employee performance and engagement. With a heavy focus on emerging industry trends, the text prepares students with everything they need to be successful managers and HR personnel in the 21st century.

This classic, readable book does the best job at covering the current issues within HRM, and provides a complete, comprehensive review of essential personnel management concepts and techniques. Considering the intensely competitive nature of business today, this book focuses on practical applications that all managers can use to deal with their HR-related responsibilities, while being able to defend their plans and contributions in measurable terms. A five-part format begins with an introduction, and then covers recruitment and placement, training and development, compensation, and labor relations and employee security. For all human resource personnel and managers. 'Human Resource Management' provides a comprehensive review of personnel management concepts and practices, focusing on the high-performance organization. It offers practical applications to help managers deal with personnel-related responsibilities.

With over one million copies sold worldwide, Exploring Strategy has long been the essential strategy text for managers of today and tomorrow. From entrepreneurial start-ups to multinationals, charities to government agencies, this book raises the big questions about organisations- how they grow, how they innovate and how they change. Texts and Cases also provides a wealth of extra case studies written by experts in the subject to aid and enrich your understanding. Examples are taken from events and organisations as diverse as Glastonbury, Mondelez and Formula 1 racing.
