For more than two hundred years, it has brought solo and collaborative music into homes and concert halls and has inspired composers in every musical genre—from classical to jazz and light music. Charting the development of the piano from the late eighteenth century to the present day, pianist and writer Susan Tomes takes the reader with her on a personal journey through 100 pieces including solo works, chamber music, concertos, and jazz. Her choices include composers such as Bach, Mozart, Beethoven, Robert Schumann, Tchaikovsky, Debussy, Gershwin, and Philip Glass. Looking at this history from a modern performer's perspective, she acknowledges neglected women composers and players including Fanny Mendelssohn, Maria Szymanowska, Clara Schumann, and Amy Beach.

An impressive exploration of Siberia's terrifying past.' Guardian 'Evocative and wonderfully original.' Colin Thubron _____ Siberia's expansive history is traditionally one of exiles, bitter cold and suffering. Yet there is another tale to tell. Dotted throughout this remote and beautiful landscape are pianos created during the boom years of the nineteenth century. They tell the story of how, ever since entering Russian culture under the influence of Catherine the Great, piano music has run through the country like blood. How these pianos made the journey into this snow-bound wilderness in the first place is remarkable. That they might be capable of making music in such a hostile landscape feels like a miracle. *The Lost Pianos of Siberia* is an absorbing story about a piano hunt - a quixotic quest through two centuries of Russian history and eight time zones stretching across an eleventh of the world's land surface. It reveals not only an unexpected musical legacy, but profound and brave humanity in the last place on earth you might expect to find it. _____ What readers are saying about *The Lost Pianos of Siberia*: ***** 'You know a book's good when, on finishing it, you just want to start again.' ***** 'Beautifully written, full of compelling anecdotes celebrating Siberia's extraordinary history.' ***** 'The most unusual and intelligent way to tell a travel story.'

Winner of the Pulitzer Prize for Drama and winner of the New York Drama Critics Circle Award for Best Play, this modern American classic is about family, and the legacy of slavery in America. August Wilson has already given the American theater such spell-binding plays about the black experience in 20th-century America as Ma Rainey's Black Bottom, Joe Turner's Come and Gone, and the Pulitzer Prize-winning Fences. In his second Pulitzer Prize-winner, The Piano Lesson, Wilson has fashioned perhaps his most haunting and dramatic work. At the heart of the play stands the ornately carved upright piano which, as the Charles family's prized, hard-won possession, has been gathering dust in the parlor of Berniece Charles's Pittsburgh home. When Boy Willie, Berniece's exuberant brother, bursts into her life with his dream of buying the same Mississippi land that his family had worked as slaves, he plans to sell their antique piano for the hard cash he needs to stake his future. But Berniece refuses to sell, clinging to the piano as a reminder of the history that is their family legacy. This dilemma is the real "piano lesson," reminding us that blacks are often deprived both of the symbols of their past and of opportunity in the present.
