Growing up, Alexander Graham Bell was fascinated with music, speech, and sounds. He worked hard to invent things that would not only help those with impaired hearing, but also bring people together in new and special ways. What he didn't know was that his simple idea--to help people communicate--would change the world when he invented the telephone.

Learn all about wildfires—how they happen, why they're important, and when they're dangerous—in this fascinating reader. It's sure to ignite your interest, with color photographs, interesting facts, and more.

Discover the life of Alexander Hamilton--a story about working hard, blazing trails, and fighting for freedom Alexander Hamilton became one of the most important Founding Fathers in American history. He helped win the Revolutionary War against England and invented our nation's first banking system. Before that, he was a playful kid who loved to write and believed in hard work. Born on a Caribbean island, Alexander overcame many hardships to come to America and earn a name for himself. Explore how Alexander Hamilton went from being a young immigrant boy with strong values to a celebrated American leader and icon. This Alexander Hamilton chapter book for kids ages 6-8 includes: Helpful definitions--Discover a glossary with easy-to-understand definitions for the more advanced words and ideas in the book. His lasting legacy--Learn how Alexander shaped the world for future generations--including you! Test your knowledge--Take a quick quiz at the end of the book to make sure you understand the Who, What, Where, When, Why, and How of Alexander's life. How will Alexander Hamilton's remarkable story inspire you?

This is the first in a series of 4 books that will tell the true and hilarious stories of animals that love hijinks. In this book you'll meet 3 naughty animals, including Fu Manchu, the orangutan escape artist. Fu Manchu lived at the Omaha Zoo and would routinely break out of his habitat to explore the zoo on a nice day. Zookeepers were baffled as to how the ape was escaping, until one day they caught him in the act. Fu Manchu knew how to pick locks. Not only that, he had created his own tool that he used to pick the locks with, which he would store in his mouth so as not to be found out. This and two other charming stories will engage readers and leave them wondering if humans are really the smartest animals.

Chronicles the life of the first U.S. president, who was a commander of the American forces during the American Revolution.

Our planet's most beautiful and endangered animals come to life in this visually stunning picture book. The photos, by award-winning National Geographic

photographer Joel Sartore, represent a lifelong project to make portraits of the world's endangered animals. They are paired with uplifting poetry and prose from Newbery award-winning author Kwame Alexander -- a talented dream team duo to craft a uniquely wonderful book. This special edition includes a free poster highlighting 50 endangered species to commemorate the 50th anniversary of Earth Day. A howling wolf, a stalking tiger, a playful panda, a dancing bird -- celebrate the beauty, diversity, and fragility of the animal world in this lush picture book that pairs the stunning photography of National Geographic photographer Joel Sartore with the delicate mix of poetry and prose of Newbery award-winning author Kwame Alexander. Featuring more than 40 unique animal portraits, the pages invite kids to explore each creature's markings, textures, and attributes in stunning detail, while calling on all of us to enjoy and help protect each and every one. Three picture-packed gatefolds inside showcase even more familiar and exotic species. These images are part of Sartore's lifelong project to photograph every captive animal species in the world, with special attention given to saving endangered species.
