Twenty-three essays by young professional philosophers examine crucial ethical and metaphysical aspects of the Buffyverse (the world of Buffy). Though the show already attracted much scholarly attention, this is the first book to fully disinter the intellectual issues. Designed by Whedon as a multilevel story with most of its meanings deeply buried in heaps of heavy irony, Buffy the Vampire Slayer has replaced The X-Files as the show that explains to Americans the nature of the powerful forces of evil continually threatening to surge into our world of everyday decency and overwhelm it. In the tradition of the classic horror films Buffy the Vampire Slayer addresses ethical issues that have long fascinated audiences. This book draws out the ethical and metaphysical lessons from a pop-culture phenomenon.

More than 100 fun food-crafting ideas that will engage, delight, and amaze kids - from actress, entrepreneur, and mom, Sarah Michelle Gellar, and former Martha Stewart Living editor Gia Russo. Why stop with making basic brownies? Why not put them on a stick and decorate them? Why not take boring broccoli and turn it into a yummy cheese muffin instead? Sarah Michelle Gellar learned quickly that to get her kids to be adventurous with food, she had to involve them in preparing it. She wanted that process to be fun and help them develop self-confidence, creative thinking, and even math skills! So Sarah and co-author Gia Russo came up with more than 100 fun food-crafting ideas that take basic food preparation to a surprising new level. Organized by month, the book offers projects for every occasion and theme, including Super Bowl, Valentine's Day, Shark Week, Halloween, and even a Star Wars Day with licensed Star Wars creations! The possibilities are endless!

A collection of short stories set during the summer after sophomore year at Sunnydale High. When sophomore year ended with Buffy's defeat -- just barely -- of the Master, she headed off to spend the summer with her father in L.A. The theme was R&R, parties, and an occasional shopping spree. But things that go bump in the night don't take vacation. So Buffy's trying desperately to keep a lid on things in L.A. -- and to keep her secret identity from her father. Meanwhile, back in Sunnydale, trouble keeps popping up in the darnedest places. Giles wants Willow and Xander to have a "normal" summer, so he and Jenny

SOMETHING WICKED EVIL THIS WAY COMES. There's something troubling about Professor Caligari's Traveling Carnival. Perhaps it's that no one can recall the arrival of its hard-to-miss caravan of old-style wagons, countless performers, and horse-drawn carts. Maybe it's the creepy calliope music that tirelessly beckons visitors. Let's face it, an enigma that chooses Sunnydale nearly guarantees it's up to more than wholesome family entertainment. After a visit to the carnival's Hall of Mirrors, a once-shy pair of homely sophomore twins parades the halls of Sunnydale High like diva supermodels on a runway. Intuiting the twins' abrupt personality change as more than a self-confidence boost, Buffy -- joined by Angel, Giles, and the rest of the Scoobies -- decides to investigate the suspicious carnival firsthand. But soon it's apparent that the price of admission is higher than she imagined. Those who enter the carnival's attractions exit...changed. Each of the gang soon shows extreme displays of vice. Willow is

wracked with envy. Cordelia's greed consumes her. Xander unleashes his gluttony. Angel reveals a lusty new persona. And a dark anger rises in Giles. But it's Buffy's now-blinding pride that threatens to overpower her, and in the process destroy those she loves....

'It's perfection . . . Read this!!!' – Laini Taylor From New York Times bestselling author Kiersten White comes a brand-new series set in the world of Buffy the Vampire Slayer that introduces a new Slayer as she grapples with the responsibility of managing her incredible powers that she's just beginning to understand. Into every generation a Slayer is born... Nina and her twin sister, Artemis, are far from normal. It's hard to be when you grow up at the Watcher's Academy, which is a bit different from your average boarding school. Here teens are trained as guides for Slayers – girls gifted with supernatural strength to fight the forces of darkness. But while Nina's mother is a prominent member of the Watcher's Council, Nina has never embraced the violent Watcher lifestyle. Instead she follows her instincts to heal, carving out a place for herself as the school medic. Until the day Nina's life changes forever. Thanks to Buffy, the famous (and infamous) Slayer that Nina's father died protecting, Nina is not only the newest Chosen One – she's the last Slayer, ever. As Nina hones her skills with her

Watcher-in-training, Leo, there's plenty to keep her occupied: a monster fighting ring, a demon who eats happiness, a shadowy figure that keeps popping up in Nina's dreams... But it's not until bodies start turning up that Nina's new powers will truly be tested – because someone she loves might be next. One thing is clear: Being Chosen is easy. Making choices is hard.

Willow sets off on a trail of vengeance and magick-gathering to prepare a spell that will bring Tara back to life.
