

Outback Dusk Photos

Outback Survival is a timeless, practical run down on everything you need to know to survive in the outback. Bob Cooper's incredible bushcraft skills have been developed through more than 25 years of experience in Australia's harsh outback. He has picked up tools of survival from the experiences of living with traditional Aboriginal communities, instructing with Special Forces Units, lecturing with the Texas Parks and Wildlife Service on desert survival in the Mexican Desert, delivering wilderness lessons in the UK and learning the skills of the bushmen of the Kalahari Desert in Botswana. Bob has put his own lessons to the test, dropping himself off in the 42C heat of the Australian desert with only a map and soap box sized survival kit, no food, water or sleeping gear, and a 10 day walk across 160km of rough terrain back to safety. He did this alone and showed that with the right knowledge of the land, you can survive in even the harshest of conditions. The outback of Australia is one of the most unforgiving regions of the world, but Bob is committed to protecting and enhancing the experience people have when venturing out into the bush.

A book of male nude portraits shot at a French chateau and a 16th century Spanish country house and other evocative locations
Publisher's description. Combines art, science and history to explore the distinctive Desert Channels country of south-western Queensland. In 1945 Bob Mizer began taking photographs of strapping young men on Muscle Beach in Venice, California. In December of that year he formed the Athletic Model Guild to market his photos, and "physique photography" was born. Before Mizer there were body builders and men who photographed them, but AMG photos, even those of the same men, were different, subtly provocative, discretely aimed at a gay audience. They weren't nude, but showed as much as the law allowed in 1945. ... TASCHEN's two-volume edition of "1000 Model Directory" contains prints from Mizer's original 4 x 5 negatives to present these handsome hunks in stunning clarity. Editor Dian Hanson trawled through a quarter million male nudes to select this lineup of top models, including movie stars Sammy Jackson, Richard Harrison, and Ed Fury. Glenn Corbett of TV's 77 Sunset Strip is also here, as well as Nick Adams, star of The Rebel, and top body builders Chris Dickerson, Dick Dubois, Vince Gironda, Bill Grant, Zabo Koszewski, Henry Lenz, Don Peters, Bob Shealy, Charles Stroeder, Armand Tanny, and John Tristram.

The exact composition of each model's masterful body allows a graphic display of muscle and skin textures to take form. As

a result, each image pulses with a heightened sexual energy. This is a collection with an ethereal quality, sure to provoke comment for many years to come. ? Sensuous and strikingly original, a dramatic portrayal of naked man in all his facets ? The power and beauty of the male nude is brought to new heights

A collection of fine art nude photographic portraits of men captured in the classical tradition of the heroic and mythical, in the grandiose and dramatic poses of the post-renaissance tradition, shot in both contemporary, post-modernist and neo classic or painterly environments, with over 180 photographs in both colour and warm toned black and white. This collection complements and evolves the theme developed in the first 'Heroics' book published in 2011, and has been influenced by and references the male in sculpture and painting in Western European art from the Renaissance onwards. The book plays with contemporary societal attitudes to the naked male in public and art by juxtaposing our collective artistic consciousness and heritage with the reality of the contemporary naked male physique.

Rick Day's opulent coffee-table books *Players* and *Players Two* both became instant bestsellers. The interaction of straightforwardness and intimacy keeps us wondering: Who is the subject and who is the object? Rick Day's photographs are perfectly staged. *All Players* is a 288-page collection of all new material.

Hopi traditional elder Thomas Banyacya once described the American Southwest as "the spiritual center of our continent." Author, photographer, and adventurer John Annerino retraces ancient trails to show us why this is so. Through recent and historical photos, essays, and literary quotes, he takes us across what the Spaniards often feared as despoblados, or unknown lands, from Old Mexico to the Four Corners of ancient cities, painted deserts, and trilingual cultural landscapes--some of the most inaccessible land on the continent. Juxtaposed with tales of his own perilous excursions, the book contains oral histories and remarkable images of terrain that few of today's tourists have ever seen. Told from a current point of view, this throwback to the days of Geronimo and Navajo headman Manuelito will appeal to adventurers, historians, and those interested in the mesmerizing mystique of our own American outback.

This stunning volume is the follow-up to the very successful Bondi Classic the first book in the Bondi Series by Paul Freeman. At Bondi in Sydney, Australia, the eastward growth of the city is halted by the Pacific Ocean. Despite the unappealing architecture of

When a paid assassin starts killing innocent people, it's time to take him out. But while eliminating one killer, Mack Bolan stumbles onto a deadly drug pipeline that takes him deep into the Australian Outback—and into the heart of the Asian mob. To destroy the enemy Bolan must protect the one thing standing in the Triad's way—a young Aboriginal girl. With the Triad and a highly trained covert team—funded by the dead assassin's partner—tracking him, the Executioner is caught in a lethal cross fire. To survive, he'll have to use skills he never knew he had.

Photographer Paul Freeman takes a sometimes tongue-in-cheek look at the way European men have adorned and mythologized themselves and their physical courage over the centuries, and refers for inspiration to monumental art and paintings that were the work of artists who tended to depict a fantasy of sensuality rather than the brutal masculinity of reality. This sumptuous collection of gorgeous male art nude photographs is printed on large format art stock paper, another masterful tome by the inimitable Freeman, following closely on the heels of his bestselling Bondi and Outback series of books.

With the focus on the Aussie blue-collar worker, 'Bondi Work' continues Freeman's fascination with capturing what is intrinsic to male beauty. Following close on the heels of 'Bondi Urban', which portrayed lads of a surf and beach culture, Freeman's choice of models, the way he directs them into sharing intimate moments, his trademark use of dramatic lighting to elevate simple compositions, and his use of color, again infuses this work with a painterly romanticism. He uses his fellow countrymen (Australia) to show us the virile attitude of the untamed, knows how to make the partially clothed form even more sensuous than the fully nude form, and creates photographs that are well conceived and executed and presented in a superb format.

A coming-of-old-age novel from the Hugo Award-winning author of *When Gravity Falls*. “Engaging . . . spry, inventive, and often quite funny” (Kirkus Reviews). In *HEROICS*, Irene--like everyone in the future--struggles with boredom. Food, clothing, and all the necessities of human life have been taken care of. But, what does that leave of life itself? At eighty-two, Irene sets out on a

pilgrimage across America hoping to find the answer. Along the way, she becomes transformed, both physically and by her interactions with other civilians all trying to cope with this new world. Filled with wry humor and fantastic symbolism, HEROICS mixes adventure and philosophy in a way both engrossing and entertaining. Of this book, friend and fellow writer Harlan Ellsion said, "It is the best Effinger yet...and for those of us who have been watching with amazement that is about as rich a compliment as you can expect from other envious authors. Damn him, he's good!" George Alec Effinger was a true master of satirical Science Fiction. Before his death in 2002, Effinger was a prolific novelist and short story writer, earning acclaim from his fans and peers, including a Nebula Award nomination for his first book WHAT ENTROPHY MEANS TO ME. In HEROICS, he revisits some of the themes and characters of that first book for startling, funny and poignant results.
