The idea just feels right – no matter that she’s never done any long-distance motorcycle travelling before, and has never even set foot on the African continent. Twelve months later, Heather unloads her Yamaha TT600 at the docks in Durban, South Africa, and her adventure begins. Her travels take her to the dizzying heights of Mt Kilimanjaro and the Rwenzori Mountains, to the deserts of northern Kenya where she is befriended by armed bandits and rescued by Turkana fishermen, to a stand-off with four Ugandan men intent on harm, and to a voyage on a ‘floating village’ on the mighty Zaire River. Everywhere she goes Heather is aided by locals and travellers alike, who take her into their homes and hearts, helping her to truly understand the spirit of ubuntu – a Bantu word meaning ‘I am because you are’. Ubuntu is the extraordinary story of a young woman who, alone and against all odds, rode a motorcycle to some of the world’s most remote, beautiful and dangerous places.

fastest racing motorcycles.

In 1985 Suzuki brought the technology from its championship-winning Grand Prix motorcycles to the street in the form of the groundbreaking GSX-R series. For decades the Japanese manufacturers had built sporting motorcycles that were all motor and very little else. For the complete package-bikes that handled as well on a racetrack as they handled in a straight-line drag race-riders had to purchase ultra expensive, ultra exotic machinery from European manufacturers. In one lightning strike Suzuki changed that. Suzuki GSX-R tells the complete story of these remarkable bikes.

Injury. Adrenaline. Addiction. These are the things that fuelled one man's race to international stardom as he pushed boundaries and took life on and off the bike to the limits. Starting out as a talented youth riding the desert tracks of California, his reckless nature and incredible talent earned him a position in the rarefied world of professional motorcycle racing. Despite the success in his professional life, his personal life was crumbling around him - John was battling with depression and temptation, which began to threaten his career, health and marriage, ultimately bringing him to a life of alcoholism, addiction and even smuggling. In his remarkable memoir, one of the world's most renowned riders takes us on a raw and unique journey to the extremes of fast living. John 'Hopper' Hopkins is an icon for motorsport fans worldwide. He won't let anything hold him back. He has broken almost every bone in his body (twice), suffered a bleed on the

brain, and had a finger amputated... yet he continued to race. Finally, at the age of 35 - with his latest crash at Brands Hatch in 2017 putting him in rehab for two years - he decided to hang up his helmet. Leathered tells the incredible story of an unparalleled career. From bone-crunching injuries and alcohol-fuelled antics to the breakdown of his marriage, it unveils the true stories behind the lurid headlines. Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today.
