

The Andreasson Affair Phase Two Fitshopore

A masterful blend of historical fact, educated speculation and exciting fantasy which may prove not to be far from the truth.

Unknown unmarked helicopters shadowed Betty and her husband, Robert Luca, when they were at home and on holiday. Strange, apparently paranormal experiences plagued the newly wed couple.

This book entails the life of one who has not only become internationally respected as a UFO investigator and author but now as a so-called UFO abductee. It is strikingly different from other works dealing with UFO abductions in that it will provide an overview of the complete life of an abductee from early childhood to sunset years of his life. The exciting descriptions of UFO sightings, investigations and documentation would be worthy of a book themselves. The Chief Scientific Consultant for the USAF UFO Project Bluebook, Astronomer Dr. Hynek is on record as stating: "Raymond Fowler whose meticulous and detailed investigations far exceed the investigations of Bluebook." However, this book is about much more than investigating UFO sightings. Throughout the warp and weft of the author's UFO and paranormal experiences is the slow but sure realization that he has been investigated since childhood by the very phenomenon he was investigating! This third edition of Total Relationship Marketing confirms it as a classic text on the subject of relationship

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

marketing and CRM, areas which have become accepted – and debated – parts of marketing but are currently undergoing dramatic change. A major contribution to marketing thought internationally, this seminal title presents a powerful in-depth analysis of relational approaches to marketing where the three words relationships, networks and interaction are king. The book effects a dramatic shift in the fundamentals of marketing thought, with the author's refined model of thirty relationships, the 30Rs, presenting a sophisticated and cogent challenge to the traditional 4Ps schema. Previous editions were widely praised as breakthrough texts in the field, combining incisive and searching analysis with an accessible and pragmatic approach to putting the theory to work. This third edition is the first book on relationship marketing and CRM to integrate the ongoing evolution in marketing through the service-dominant logic, lean consumption and the customer's value chain, the augmented role of the customer in value creation, the increasing importance of customer-to-customer (C2C) interaction, network-based many-to-many marketing, and marketing accountability and metrics. It addresses both the high tech, information technology aspects of marketing and the high touch, human aspects. Further, customer-centricity is suggested to be broadened to balanced centricity, a trade-off between the needs of all stakeholders of a network of relationships. Examples, cases, concepts and references have been updated. Highly informative, practical in style and packed with illustrations from real companies, Total Relationship Marketing is an essential

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

resource for all serious marketing practitioners as well as undergraduate and postgraduate students.

The mystifying connection between the occult, the New Age movement, and the UFO phenomenon. From both a Christian and objective perspective, and through his unique approach, the author reveals a complex and ingenious scheme that is rapidly unfolding as

The Rough Guide to Unexplained Phenomena is an exploration of the zone that lies between the known and the unknown, a shadowy territory that's home to lake monsters, combusting people, teleporting frogs and man-eating trees. Taking a Fortean path between dogmatic scientists and credulous believers, the authors trace tales of wonder back to their sources, drawing from a huge archive of observations, opinions and discussions. As the third millennium begins, many things are not yet known or understood about our world -- as this Rough Guide shows, there are still many riddles to solve and wonders to experience.

In *Secret Life*, Professor David M. Jacobs of Temple University takes us into the private world of those abducted by aliens, letting them describe in their own words what it is like to be abducted. Based on interviews with sixty individuals and more than 300 independently corroborated accounts, *Secret Life* presents the most complete and accurate picture of alien abductions ever compiled. Dr. Jacobs takes the reader on a minute-by-minute journey through a typical abduction experience and describes in detail the bizarre physical, mental and reproductive procedures that abductees claim have been administered by small alien beings. Jacobs draws from

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

these interviews a profoundly unsettling reason behind the abductions: aliens are conducting a complex reproductive experiment involving the conception, gestation, or incubation of human and alien hybrid beings.

The Classic Case of Alien Abduction Rereleased with a New Afterword for a New Generation The Andreasson Affair is more than just a classic example of a close encounter. It is—to use the jargon of ufologists—a case of such “high strangeness” that even the most open-minded investigators were at first inclined to dismiss it out of hand. Yet it has become probably the best documented case of its kind to date, the subject of an intensive 12-month investigation conducted for the Center for UFO Studies (CUFOS) that involved, among other things, the recording of large quantities of testimony given under hypnosis, extensive lie detector testing of witnesses, detailed analysis of corroborative circumstantial evidence, exhaustive comparison with other such accounts, and much more. The Andreasson Affair includes: The most detailed description of any UFO abduction experience. Betty’s precise drawings of her experience. A supporting foreword to the book by astronomer Dr. J. Allen Hynek. Verification of all events associated with Betty’s experience.

Fowler draws on his thirty-year involvement in UFO research to supply case studies of genuine extraterrestrial visits to the earth and to expose the attempt by the United States government to cover up the overwhelming evidence of these visits

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

In the twenty-first century, the debate about life on other worlds is quickly changing from the realm of speculation to the domain of hard science. Within a few years, as a consequence of the rapid discovery by astronomers of planets around other stars, astronomers very likely will have discovered clear evidence of life beyond the Earth. Such a discovery of extraterrestrial life will change everything. Knowing the answer as to whether humanity has company in the universe will trigger one of the greatest intellectual revolutions in history, not the least of which will be a challenge for at least some terrestrial religions. Which religions will handle the discovery of extraterrestrial life with ease and which will struggle to assimilate this new knowledge about our place in the universe? Some religions as currently practiced appear to only be viable on Earth. Other religions could be practiced on distant worlds but nevertheless identify both Earth as a place and humankind as a species of singular spiritual religious importance, while some religions could be practiced equally well anywhere in the universe by any sentient beings. Weintraub guides readers on an invigorating tour of the world's most widely practiced religions. It reveals what, if anything, each religion has to say about the possibility that extraterrestrial life exists and how, or if, a particular religion would work on other planets in distant parts of the universe. Since its emergence in the 1960s, belief in alien

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

abduction has saturated popular culture, with the ubiquitous image of the almond-eyed alien appearing on everything from bumper stickers to bars of soap. Drawing on interviews with alleged abductees from the New York area, Bridget Brown suggests a new way for people to think about the alien phenomenon, one that is concerned not with establishing whether aliens actually exist, but with understanding what belief in aliens in America may tell us about our changing understanding of ourselves and our place in the world. *They Know Us Better Than We Know Ourselves* looks at how the belief in abduction by extraterrestrials is constituted by and through popular discourse and the images provided by print, film, and television. Brown contends that the abduction phenomenon is symptomatic of a period during which people have come to feel increasingly divested of the ability to know what is real or true about themselves and the world in which they live. The alien abduction phenomenon helps us think about how people who feel left out create their own stories and fashion truths that square with their own experience of the world.

Kelly Cahill was a young country housewife and mother of three. Driving home through the Dandenongs from a barbecue one night in 1993, she spotted a bright light in a field. Pulling off the road she saw, in the distance, three other people

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

approaching the light. Later both she and the others independently reported having a terrifying encounter with mysterious beings. Their reports were eerily similar. This is Cahill's account of the event that has been taken seriously by researchers and authorities. Patterned after the first volume published in 1964, *The UFO Evidence, Volume II* is much anticipated by the research community. The book reports 30 years of UFO sightings since 1964 with related data and descriptive features organized by category. Among the topics discussed are the now strongly established patterns of UFO sightings, the growing evidence worldwide that UFOs represent someone's technology, the history of government sponsored UFO investigations, and political and human responses to UFO sightings. The master chronology is an incredibly complete listing, which also refers the reader to pertinent sections in the book for fuller descriptions.

A True Story of Alien Abduction - One of the most important, sincere and honest abduction stories out there. Finally back in print. Following the 2013 reissue of *TAKEN*, a book that has been out of print for several years and fetched excessive amounts amongst collectors and those wishing to get their hands on such a legendary piece of non-fiction, *INTO THE FRINGE* is where it all began for Dr Karla Turner and her family. As with the reissue of *TAKEN*, *INTO THE FRINGE* is an officially authorized

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

republication with the sole input of Karla Turner's widower Elton. Endorsed and approved by Elton Turner with the highest respect for the importance of the story; we excitedly bring INTO THE FRINGE to the 21st century. Into the Fringe documents the account of alien abduction and how Karla Turner, along with her family, uncovered the memories and physical evidence of their encounters with beings from outside of our own planet. "This brave and defiant refusal, in the name of humanity, to countenance suffering from an alien tyrant masquerading as a benefactor, is Karla Turner's final legacy." - John Chambers, UFO Magazine

This is a comprehensive account of the religious dimensions of the UFO/flying saucer experience. This book introduces a brand new field of scientific research based upon analysis of artifacts retrieved from crashed and damaged UFOs that have come down in Russia and America. For the first time, it reveals the scientific principles behind UFO propulsion dynamics, and shows that these principles are known and recognized by today's physicists. Potter's analyses of these UFO mechanisms are substantiated with references to a broad array of over 300 research papers published in scientific journals! Potter correlates many of the phenomena observed firsthand by close encounter witnesses and abductees and pinpoints the common themes reported, categorizing them according to

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

known physical principles. He produces a comprehensive orchestration of energy dynamics used inside and around UFOs. His precise and lavish illustrations allow the reader to enter directly into the realm of the advanced technological engineer and to understand, quite straightforwardly, the aliens' methods of energy manipulation: their methods of electrical power generation; how they purposely designed their craft to employ the kinds of energy dynamics that are exclusive to space (discoverable in our astrophysics) in order that their craft may generate both attractive and repulsive gravitational forces; their control over the mass-density matrix surrounding their craft enabling them to alter their physical dimensions and even manufacture their own frame of reference in respect to time.

By painstakingly following the long international paper trails that connect such apparently unrelated manifestations and occurrences as crop circles, alien abductions, extraterrestrial activity, and many other modern mysteries, Bruce Rux uncovers a conspiracy of misinformation, denial, and silence among government officials. 30 photos. 50 illustrations.

UFO sightings and alien abductions, mystical experiences and psychic phenomena, the near-death and the out-of-body experience--millions of ordinary people around the world report experiencing these events at some point in their lives. Yet, because there is no accepted scientific theory to explain the paranormal,

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

the events--and the people who report them--are ridiculed and dismissed. The problem isn't the people, it's the science. While some cutting-edge researchers and quantum physicists are speculating more frequently that these experiences are caused by something beyond our world--some kind of higher-dimensional reality--any proposed extra-dimensional theories put forth thus far have lacked one key ingredient--expanded consciousness. Extra-Dimensional Universe presents an expanded framework of space, time, and consciousness. This, for the first time, explains how paranormal phenomena can exist. Violette's landscape-altering theory is fully compatible with all the findings of modern scientific research--and ancient wisdom traditions--and clearly explains the science of paranormal events such as UFOs and abductions, mystical and psychic phenomena, and the near-death experience. Violette even reveals that expanded consciousness is the key to understanding why some people experience psychic phenomena such as UFOs or ghosts when others don't. An advancement of the classic theories of R. M. Bucke and P. D. Ouspensky, Extra-Dimensional Universe is itself destined to become a classic of the science of spirituality.

The first comprehensive field guide to alien spacecraft, complete with illustrations of more than one hundred spaceships In the last decade, the number of reports of alien spacecraft sightings has skyrocketed. However, the phenomenon of alien encounters is not new. Here, for the first time, two UFO experts, Kevin Randle and Russ Estes, cover the history of UFO sightings, from the

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

ancient to the modern, using research from many different sources, including the Air Force and private UFO groups. Each of the more than one hundred entries is based on actual eyewitness accounts and includes: A detailed drawing of each spaceship based on photographs or drawings made by the people who saw it with their own eyes A concise summary of the facts: where the sighting took place, names of the witnesses, craft type, and such specifics as each craft's dimensions, color, sound, and exhaust mechanism A unique reliability rating, on a scale from 0 to 10 A gripping you-were-there narration of the encounter, along with meticulous documentation of source material Spaceships of the Visitors is a fascinating and essential reference for anyone curious about alien visitation.

This volume is more than just another predictable, formulaic examination of a UFO sighting or alien encounter. Rather, the so-called Andreasson Affair is a case of such strangeness that even the most open-minded investigators were at first inclined to dismiss it. Yet it became the subject of an intensive twelve-month investigation that involved testimony given under hypnosis, extensive lie detector testing of witnesses, detailed analysis of corroborative circumstantial evidence, and exhaustive comparison with other such accounts. This enthralling text includes the most detailed description of any UFO abduction experience, Betty Andreasson's precise drawings of her experience, and alleged verification of all events associated with Betty's encounter.

CASE LIKE UNLIKE ANY OTHER IN THE ANNALS OF UFO INVESTIGATION, DNA RESEARCH, OR ALIEN ABDUCTION. Sydney, Australia. July 23, 1992. Twenty-eight-year-old Peter Khoury was awoken by what appeared to be two females—both striking and unearthly—kneeling on his bed. What transpired between them was a physical assault as bizarre and disorienting as it was unnatural. Then, as quickly as they had arrived, they vanished. Khoury had become one of a legion of alien abductees with inexplicable experiences, but this particular incident stood apart from all the others. This time, there was evidence—two strands of white-blond hair from one of the females. Khoury's case would result in the very first forensic DNA analysis of "alien abduction" evidence and revealed an extraordinary biological anomaly—one genetically close to human yet almost impossibly far from the human mainstream. A gripping account of one of the great mysteries of our time, *Hair of the Alien*, brings us closer than ever before to understanding our past, our origins, and our place in the universe.

Americans have never been more religious than they are now, at the dawn of the twenty-first century. By all reports, attendance rates at traditional places of worship are high and rising; the influx of new immigrant religions has revitalized standard faiths and drawn in those who had strayed from them. Popular television shows like "The Simpsons" feature characters who go to church every Sunday and speak to God; special events, like the 1998 outdoor mass in Worcester, Massachusetts, for a comatose girl believed to have miraculous powers,

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

attract thousands of people. This collection is both part of this ferment and an intellectual reflection upon it.

Religion and Cultural Studies features essays by major scholars from the fields of anthropology, history, literary criticism, and religion in order to enrich critical discourse about religion and culture. Despite the variety of disciplines represented by this group of scholars and the variety of cultures explored in their essays--from fifteenth-century Flemish asceticism and nineteenth-century African-American spiritualism to Russian blood-libel trials and Alien Abduction Reports in the twentieth century--their common ground is the question of religion's place in current American academic analysis, and more broadly in American life today. The volume's range of vocabulary and subject matter is aimed at vitalizing scholarly interest in the field of religion and cultural studies and deepening intellectual inquiry in the contemporary academy. The contributors are Eytan Bercovitch, Karen McCarthy Brown, Gillian Feeley-Harnik, Richard Wightman Fox, Jenny Franchot, Giles Gunn, Geoffrey Galt Harpham, Bruce B. Lawrence, Jack Miles, Susan L. Mizruchi, and Jonathan Z. Smith.

Centuries before the U.S. Air Force launched Project Blue Book or mysteries swirled around the enigmatic Area 51, the Puritans in 1639 witnessed a great light in the sky over Massachusetts. It was the first recorded sighting of an unidentified flying object. Now, sightings are so common they're not even front-page news, and the Air Force just released all the records from Project Bluebook. Despite all this, there remain sightings that cannot be easily explained. Are we being visited by

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

another species? The Universe, it seems, is full of mystery. Tracing the strange history of UFO sightings in the region, Taryn Plumb presents the stories of sightings or events in each New England state. Many are unexplained sightings of strange objects or lights in the sky; and some tell the tales of alien encounters and even abductions. All will keep you glancing to the night sky, wondering what that was out of the corner of your eye. In 1969, teenaged heiress Kimberly Martin enters a seedy Georgia bar, desperate to end her haunting dreams of alien abduction—but she instinctively knows they are more than just dreams. Aliens are preparing her womb for an implanted hybrid and she has a plan she hopes will stop them, but Kim has no idea that her act of defiance is about to unleash a stream of events that will catapult her and others to the precipice of a plot to take over the world. Kimberly's brother, Benny, learns that Kimberly is a candidate for insemination and he must shepherd Earth's people to a new dawn. Sarah Matheson is visited by what she thinks is an angel who performs a strange procedure on her. In Illinois, Chris Altenbrook walks away from a potentially lucrative athletic career to enter the priesthood without any idea of what lies ahead. Precipice is a fast-paced adventure of attempted murder, Vatican intrigue, world domination, and cosmic conspiracies as three families uncover the powerful truths that await this generation. Using recently declassified government files, the authors present a compelling argument that the government knows a great deal more about UFOs than it has shared with the public, and has in fact deliberately

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

concealed the findings of more than 30 years of investigations. Photographs.

A comprehensive sourcebook on all things extraterrestrial features more than five thousand entries, photographs, and diagrams that cover such topics as alien abduction, evidence of extraterrestrial presence on Earth, astral projection and teleportation, psychokinesis, time travel, cloning and the Raelians, UFO cults, and more. Original.

The research literature on the impact of alcohol on the brain has seen a rapid expansion in recent years.

Alcohol and the Adult Brain presents an up-to-date overview of some of the issues relevant to understanding and working with people with cognitive impairment as a result of chronic alcohol use. One issue causing barriers to effective treatment and care is the stigma associated with alcohol dependence, resulting in the belief that difficulties associated with alcohol related brain damage (ARBD) are 'self-inflicted'. Cognitive changes resulting from alcohol excess and poor nutrition can directly affect an individual's ability to motivate themselves, make decisions, and make the informed choices that underlie behaviour change. Attitudes held by professionals, reinforced by societal norms, that a person is 'choosing to drink' and 'not motivated to engage with treatment', in combination with the often subtle cognitive deficits associated with ARBD, can result in a lack of timely intervention, with enormous personal, social and economic cost. The chapters in this book set ARBD in a social and cultural context, provide discussion of the difficulties in definition and diagnosis, and outline the

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

structural brain changes and neuropsychological deficits associated with chronic alcohol use. The book provides an overview of recent research on ARBD, including impairments associated with Wernicke-Korsakoff Syndrome, and discusses up to date recommendations for managing and working with this complex and varied disorder. Alcohol and the Adult Brain will be essential for students and researchers working with ARBD and for practitioners in a range of health, social care and voluntary settings.

The author is no stranger to tackling mysteries. He is internationally known as a highly competent investigator of the paranormal and a trustworthy chronicler of such in ten books. The New York Times exclaimed that his best-selling book, *The Andreasson Affair*, "if true, must rank with the great classics of scientific revelation." Air Force chief UFO scientific consultant, Dr. J. Allen Hynek wrote that his UFO investigations are "meticulous" and "far exceed" that of the government. Dr. Kenneth Ring, father of Near Death Experience [NDE] research wrote that Fowler's researched book on Near Death and UFO experiences "may well have deciphered the ultimate nature and meaning" of these baffling phenomena. In *SynchroFile*, Fowler applies the same kind of meticulous research into the supernatural-like synchronistic experiences that permeate his life. This book compiles the results of his research into Jungian psychology, the New Physics and his study of a ten-year diary of personal and family experiences of amazing coincidences and paranormal experiences. His research leads to the incredulous conclusion that time is an

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

illusion and that reports of synchronicity, ghosts, out of the body experiences, near death experiences, UFOs, precognition, telepathy, and other extrasensory experiences are all individual expressions of one intelligent-like meta-phenomenon.

Publisher Fact Sheet A guided tour through the complex world of the UFO/abduction movement.

The true life story of two individuals that were brought together by the UFO phenomena. This life long journey began in 1945 long before Bob & Betty met. Little did either of them know they would be introduced to each other and ultimately Married because of UFO experiences they had in 1967, again years before they met. This marriage and their UFO related experiences led to harassment by both the Military and Government agencies for years.

Many current and ancient sources suggest that UFOs and extraterrestrial beings have been visiting the earth and interacting with humans for thousands of years. If this is true, monumental implications arise regarding the origin and evolution of humanity and the future of our planet. This book discusses the highly controversial subject of alien contact and abduction, recounting twenty-five cases of close encounter. The cases included have been selected from the files of psychotherapist, Barbara Lamb, who has been working with abductees since 1991. In her work with 560 individuals, more than 1,800 regressions have revealed encounters with what appear to be non-human life forms. Although extraterrestrial contact is difficult to prove scientifically, the events described in this book are accurate in that they have

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

been presented as they were described by the individuals who experienced them. These are normal men and women living average, responsible lives who have been subjected to extremely unusual events. These individuals display such a compelling sincerity and marked emotional response to their strange experiences there can be no doubt they have experienced some kind of extraordinary event. As a reader, you may be curious about the subject, or you may be a confirmed skeptic. You may also be someone who is investigating unusual occurrences in your own life. Whatever the case may be, if with an open mind you will simply consider the possibilities inferred by the cases described herein, you might find yourself on the road to a greater vision of reality.?

MRCPSych Paper 1: 600 MCQs offers the most up-to-date and comprehensive coverage of MCQ practice questions for trainees preparing for the MRCPSych Paper 1 exam. The content is mapped to the syllabus to deliver structured revision in all key clinical areas. Featuring a wealth of practice questions, this book provides the essential revision tool to maximise the chances of exam success. 600 MCQs, reflecting the breadth of topics encountered in the actual exam Extensive evidence based referencing to relate theory to clinical practice Includes one unstructured mock paper, to allow candidates to practice under exam conditions Recounts the experiences that Betty Andreasson Luca and her family have had with abduction by extraterrestrials, as revealed under hypnosis, and presents original drawings of the aliens

The first book to document the amazing evidence connecting covert military mind control and the alien abduction phenomenon. In this well-documented book, the authors review former top secret mind control projects ARTICHOKE and MKULTRA, and utilise little-known formally classified documentation, photos, x-rays, illustrations and first-hand testimony to expose the shocking story behind the abduction phenomenon. If you think you know the truth about alien abductions -- think again! MILABS will open your eyes to the sinister connections between mind control and the abduction phenomenon!

Its 1976, and Janet Tanhurst is a teenager who feels stifled by life with her strict mother, and the authoritarian church she must attend. Once out of high school, however, Janet is initiated into a fascinating new world of Astrology, Tarot cards, and Spirit Mediums. Next, she encounters the mysterious world of UFOs? a bewildering and sometimes frightening realm encompassing ancient astronauts, alien abductions, and shadowy government conspiracies. As the 1980s arrive, the Christian-dominated Piscean Age seems to be giving way to a long-anticipated Aquarian Age, with its hope for a coming revolution in higher consciousness. There are new paradigms in philosophy and science? promoting a holographic conception of the universe as engaged in a Cosmic Dance? along with the emergence of an introspective type of

Bookmark File PDF The Andreasson Affair Phase Two Fitshopore

instrumental music known as New Age. With the help of bookstore owner Whisper Wynn, Janet investigates subjects such as reincarnation, quartz crystals, chakras and the human aura, in addition to an exciting new form of spiritual teaching called channeling. Following movement leaders including Shirley MacLaine and Marianne Williamson, studying enigmatic teachers like G.I. Gurdjieff and Carlos Castaneda, and inspired by medical doctors such as Deepak Chopra and Andrew Weil, she learns about Alternative Medicine and Holistic Health, as well as traditional health practices from China, Japan, and India. She assimilates wisdom from the ancient Celts along with rituals from contemporary Goddess worshippers, in formulating her own unique concept of the Divine that is within us all.

David Oakford's story is true, real, and utterly profound. Although street drugs were clearly the initial for this NDE, what happened next was a full-blown ascended state of consciousness that is well-documented in the spiritual and scientific literature. This book is once again revealing that NDE's are not magic, nor do they produce saints. And we can think David for baring his soul as to the psychic struggles and the depression that followed his awakening. Because ultimately there emerged a transformed man who knew, positively knew, that there is more to life and death than we are taught in our religious organizations, and more to God's greater plan for us

The Continuing Investigation of a Woman's Abduction by Alien Beings
Wildflower Press

This intriguing collection of essays presents reflections upon the birth, proliferation, enduring appeal, and future of UFO mythology. Highly respected authors and researchers, representing the varied and sometimes competing perspectives of ufology and the sociology of religion, provide a fascinating and instructive voyage into the exotic social worlds of UFOs, abductees, and contactees. Reports of aliens and the changing nature of abduction experience, especially in the sexual dimension are explored in relation to literature, culture, and ideology. The influence of abduction therapy and support groups is considered, as are new religious movements (NRMs) within the UFO community. The book offers rich insights into psychology, human behavior, and religion, melding issues of race, politics, and gender. Finally, it evaluates the existing dynamic of UFOS in the age of the Information Super Highway and ever-increasing globalization. Alien Worlds will enlighten anyone wanting to understand what and how the academic world thinks about UFOs, UFO groups, and UFO phenomena.
