

The Silva Mind Control Method Jose Brilab

The strategies listed in this book are based on the ideas of Jose Silva, creator of the Silva Mind Control Method. Strategies are listed for goal setting and desicion making.

Is it possible to heal by thought alone—without drugs or surgery? The truth is that it happens more often than you might expect. In *You Are the Placebo*, Dr. Joe Dispenza shares numerous documented cases of those who reversed cancer, heart disease, depression, crippling arthritis, and even the tremors of Parkinson's disease by believing in a placebo. Similarly, Dr. Joe tells of how others have gotten sick and even died the victims of a hex or voodoo curse—or after being misdiagnosed with a fatal illness. Belief can be so strong that pharmaceutical companies use double- and triple-blind randomized studies to try to exclude the power of the mind over the body when evaluating new drugs. Dr. Joe does more than simply explore the history and the physiology of the placebo effect. He asks the question: "Is it possible to teach the principles of the placebo, and without relying on any external substance, produce the same internal changes in a person's health and ultimately in his or her life?" Then he shares scientific evidence (including color brain scans) of amazing healings from his workshops, in which participants learn his model of personal transformation, based on practical applications of the so-called placebo effect. The book ends with a "how-to" meditation for changing beliefs and perceptions that hold us back—the first step in healing. *You Are the Placebo* combines the latest research in neuroscience, biology, psychology, hypnosis, behavioral conditioning, and quantum physics to demystify the workings of the placebo effect . . . and show how the seemingly impossible can become possible.

What if everything we think we know about how the world works--our ideas of love, education, spirituality, work, happiness, and love--are based on Brules (bullsh*t rules) that get passed from generation to generation and are long past their expiration date? This book teaches you to think like some of the greatest non-conformist minds of our era, to question, challenge, hack, and create new rules for YOUR life so you can define success on your own terms. *The Code of the Extraordinary Mind* is a blueprint of laws to break us free from the shackles of an ordinary life. It makes a case that everything we know about the world is shaped by conditioning and habit. And thus, most people live their lives based on limiting rules and outdated beliefs about pretty much everything--love, work, money, parenting, sex, health, and more--which they inherit and pass on from generation to generation. But what if you could remove these outdated ideas and start anew? What would your life look like if you could forget the rules of the past, and redefine what happiness, purpose, and success mean for you? *Not Just a Book*, but a Movement Blending computational thinking, integral theory, modern spirituality, evolutionary biology, and humor, personal growth entrepreneur Vishen Lakhiani provides a revolutionary 10-point framework for understanding and enhancing the human self. You will learn about bending reality. You will learn how to apply unique models like consciousness engineering to help you learn and grow at speeds like never before. You will learn to make a dent in the universe and discover your quest. This framework is based on Lakhiani's personal experiences, the 5 million people he's reached through Mindvalley, and 200 hours of interviews and questions posed to incredible minds, including Elon Musk, Richard Branson, Peter Diamandis, Ken Wilber, Dean Kamen, Arianna Huffington, Michael Beckwith, and other legendary leaders. In a unique fusion of cutting-edge ideas, personal stories, irreverence, and a brilliant teaching style, Lakhiani reveals the 10 powerful laws that form a step-by-step process that you can apply to life to shed years of struggle and elevate yourself to exceptional new heights. *The 10 Laws to an Extraordinary Life* This book challenges conventional ideas of relationships, goal-setting, mindfulness, happiness,

and meaning. In a unique fusion of cutting-edge ideas, personal stories, and humorous irreverence, and not to mention, humor and napkin diagrams, this framework combines computational thinking with personal growth to provide a powerful framework for re-coding yourself--and replacing old, limiting models that hold you back with new, empowering beliefs and behaviors that set you on the path toward an extraordinary life. A life of more happiness and achievement than you might have dared to dream possible. Once you discover the code, you will question your limits and realize that there are none. Step into a new understanding of the world around you and your place in it, and find yourself operating at a new, extraordinary level in every way...happiness, purpose, fulfilment, and love. This Book Is a Living, Breathing Manifesto That Goes Beyond a Traditional Publication For those who want more, The Code of the Extraordinary Mind connects to a full on immersive experience including ways for you to dive into particular chapters to unlock additional videos or training and connect with each other and the author to learn via peer-to-peer learning networks.

Pathways to Personal Freedom using the Silva Method is a compilation of fifty ideas to help uncover the ways of inner bliss that lay dormant within each of us. Happiness and Personal Freedom are concepts that most of us have taken for granted. Society teaches us to please others; look for approval and acceptance from others; check in with those who "know better" than we do; allow our negative thoughts to overtake our actions, our way of life and even health. Each Pathway starts with a quote to encourage thinking and inspiration to bring about a spark of insight that is already known but may have been forgotten along the way. What follows are suggestions and examples from the authors' lives and experiences as to how to achieve bliss and inner harmony. Each will end with an affirmation to be recited in the present time to instill the ideas as if they are already in place and to help enhance this new way of thinking. Some of these ideas may be new and even foreign—but they have stood the test of time and used by many throughout the world. Jose Silva, Sr. was a pioneer in the study and application of mind control. His youngest daughter, Diana Silva-Mendez and coauthor, Robert Deutchman have put together this labor of love for the benefit of Silva Method enthusiasts, trainers, Silva graduates, and to all who seek to tap into their inner wisdom.

"Telling the truth is done in a way that is supportive, non-brutal, enlightening and comfortable. In general, people dont tell the truth because of many reasons--mostly because it is usually threatening to do so. But, if you dont get at the truth--which means to see things the way that they really are--then you cant possibly discover the truth." --Werner Erhard This book, Self Realization: The est and Forum Phenomena in American Society, presents a view of the content and context of est , the events that took place and a look at the distinct personality of Werner Erhard who added his personal touch to the field of consciousness-raising. The est organization underwent great change from its beginnings and even now in its present form as the Forum series remains as a subject that is still open to a wide range of vast interpretations. It has been described as an organization that has tendencies of being a "cult" to one of an educational corporation that offers a profound and revealing experience. What is a fact is that the collective experiences of over 1,400,000 human beings who have gone through either the est training or the Forum series, and each of their particular contributions that have resulted from these experiences have certainly had an impact on America and the

world. Werner Erhard, the founder of these courses, is undoubtedly the most famous ex-used-car salesman in the United States. Without any formal credentials, degrees or advanced educational training, he used his innate intelligence, intuition and insight to promote self-awareness in the United States. In the 1970s he was right for the times in synch with the fledgling "me generation." By the time that he had retired the est training in 1984, and when he left the Forum in 1991, almost 750,000 people had undergone the courses that he had developed and marketed. Werner created the est training from three main sources: Mind Dynamics, Scientology and Zen. Even though these sources contributed greatly to est, a lot of credit must be given to Werner Erhard for putting the elements of the est training together in a unique fashion. He transformed the subject matter of life from mere words with his stated intent to alter the belief foundation that drives the lives of every human being on the planet. In the process, he became a trailblazer albeit subject to the arrows that every pioneer becomes a target of from detractors, pundits, "experts" and others who did not understand what was being presented. For a while, Erhard was the poster child of the awareness movement that swept America during the 1970s. Eventually, through some of his actions, but mostly through the hostile environment of the media, he succumbed to the slaughter of the relentless and vicious attacks on his character and persona. Nevertheless, while it was vibrantly alive the est training provided one of the best and quickest opportunities available to radically alter ones life. Many competitors emerged but only est had the staying power for as long as it did and which still continues to this day under the Forum series. The importance of the est training and the Forum series, especially in the United States, is in the form of individual contributions that have transformed and enabled the people of this nation to enjoy a new level of spirituality, empowerment, perception and enhancement of their personal enlivenment and contribution.
