

Toda La Verdad Sobre Nesara

Twelve Years a Slave (1853) is a memoir and slave narrative by Solomon Northup, as told to and edited by David Wilson. Northup, a black man who was born free in New York, details his kidnapping in Washington, D.C. and subsequent sale into slavery. After having been kept in bondage for 12 years in Louisiana by various masters, Northup was able to write to friends and family in New York, who were in turn able to secure his release. Northup's account provides extensive details on the slave markets in Washington, D.C. and New Orleans and describes at length cotton and sugar cultivation on major plantations in Louisiana.

El Autor trata de descifrar la ficción con la realidad en una investigación profunda de hechos documentados y testimonio de personas investigadas a través de trance hipnótico, también versiones escritas, dejadas por personas ya fallecidas que dedicaron su vida a la investigación de este controvertido tema, quienes unidos en un clamor de justicia utilizaron al autor como una especie de médium para expresar los hechos de sus investigaciones.

Luis Cumba was headed to an Asian restaurant where he got together with his friends once a month to chew the fat. They were all a bunch of retired cops. He must have passed out in the restaurant. He doesn't know. He doesn't remember anything. He was told that after he fell in the restaurant that he got up and went to eat, and then he was taken to the hospital and died. He didn't know anything until he woke up three months later. A lot happened to Luis Cumba while he was dead. This is his story.

"Nuestra Ngari nació María Cecília Teixeira Pires, en Brasil, en el seno de una familia humilde, pero de principios elevados. Muy temprano, empezó a trillar el camino enmarcado por su flama gemela, el Maestro Kuthumi, que como no podría dejar de ser, siempre ha estado a su lado. Juntos, han realizado pequeños y grandes milagros, en el más absoluto anonimato. Sin alarde, pero con ahínco, han ido construyendo caminos, despejando los pocos ya existentes, y despertando consciencias alrededor del mundo. Muy incomprendida, empezó a canalizar cuando los temas relativos a la espiritualidad no eran siquiera mencionados, o compartidos, en ninguno de los grupos sociales que solía frecuentar. Su familia, sus amistades, sus parientes, todos ignoraban esa faceta tan importante de esa amada. La acusaban de vivir fuera de la realidad, cuando ella ya tenía plena consciencia de ser responsable por la creación de su propia realidad. Ha afrontado durísimas pruebas durante toda su existencia. Pero siempre ha sido capaz de mantener la sonrisa, y mismo con el corazón partido, ayudar a todos a su alrededor. Callaba para no herir. Era amable para no ofender. Mas, sobretodo, su mayor merito ha sido mantener siempre encendida, la llama del amor en su generoso corazón. Muy temprano, aún en Brasil, empezó a dar clases de Canalización, de apertura del Cuerpo de Luz, teniendo como guías, los Maestros Atlantes Orin y DaBen. Ha trabajado duro, como

servidora de la Luz incansable, por lo menos durante los últimos 40 años, al lado de muchos Maestros Ascendidos, como ese que vos habla. Es periodista y ha tenido mucho éxito como tal. Tuvo que abrir mano también del trabajo que tanto amaba, para venir a vivir en España. Tiene sus propios libros (no canalizados, como este), que nunca ha tenido tiempo de publicar. Es muy amada por todos que han tenido el placer de convivir con ella. Por eso le dedico esas simples palabras, con mi profundo agradecimiento y respeto. Yo soy Adamus Saint Germain."--Back cover.

Who Needs Light? is a prescription for what ails “the general suffering public” in our families and communities throughout the world’s philosophically Cartesian cultures where thought is seen as more valuable than emotion. Beginning with infant brain development, the author identifies startlingly familiar influences of Darkness from a new point of view—that of the difference between Head People and Heart People. The book includes a guide which defines the characteristics and habits of Abusive Personality Types. In lay terms, it shows how to identify and avoid these archetypal “Children of Darkness” wherever one might find them. Dr. May uses case studies, meditative exercises, original poetry, science and oral history to lead us step-by-step through the oppressive forces of materialism, self-centeredness and authoritarian religions which have shaped our present-day civilization. Her final vision is one of hope and radical spiritual evolution.

This book presents James Rink's extraordinary three hour Internet video “Change is on the Horizon” in book form. You may want to watch the video before reading this book. Go to <http://tinyurl.com/9xld6u6> for the full version. After watching “Change is on the Horizon” several times, I still found it difficult to retain all of the marvelous details and facts packed within this educational documentary. So James has permitted me to publish this video in book form so that I can use it as a reference book, by highlighting the many important outstanding facts it reveals, without having to watch it all the way through, each time, to find what I need. “Change is on the Horizon” is the epic story of how the world lost its soul, and how it will gain it back, directed and narrated by James Rink. This project took James Rink three years and thousands of hours of editing and reediting to complete it. Part 1 - Dawn of the Golden Age - discusses how Saint Germain helped to bring about the beginnings of an enlightened era which soon fell into darkness under the realms of the Illuminati and a corrupted Masonic order. Part 2 - The American Federal Empire - shows that America was always meant to be a shining beacon of prosperity and freedom to the world. But the machinations of British bankers and the Rothschild dynasty soon destroyed all that was once good in this great land. Part 3 - The Farmers Claim Program - Discusses how a class action lawsuit, brought about in the early 1990's, led to the creation of NESARA, the National Economic Security and Reformation Act, which will ultimately tear the New World Order apart, and the international bankers' plans from under their feet. By now, tens of thousands of readers have enjoyed our book *The Indigo Children*. The book not only stirred the interest of many people throughout the world with respect to the profound change in consciousness being manifest in these special kids, but it also taught parents, teachers, and caregivers how to interact with these very special Indigo children. So, what do you do with thousands of letters and comments from parents and others about their Indigo experiences? Well . . . you write another book! An Indigo Celebration is a group of stories, articles, and additional insights into the Indigo child phenomenon. Although we will undoubtedly be writing more academically oriented Indigo books down the line, we wanted to stop for a moment and celebrate these kids—how they think, how they act, and what they're bringing to our lives. This book is not only meant to entertain, but also to inspire, teach, and provide meaningful insights. Indigo children are part of the positive transformation and shift of the new millennium—and this celebration of them is one we hope you will share in. Panic attacks are more common than they are thought to be. Millions of people suffer from them every day and don't even know it. Many of these people suffer in silence, for they fear what others may think of them. It's time to look back inside ourselves and remember who we really are: light and love. With this little book, I would like to take you to the journey I had to make through very dark places, in order to understand all of those who are passing through those gloomy caves as well. I hope that my experience helps you find your truth and see panic attacks as a great teacher dressed up in a strange costume.

Being emotionally independent does not mean that you have to stop being loving, It is about being the master of your own feelings, faithful to your own principles and never handing over your personal dignity to someone else in exchange for something, not even in the name of love. Do I love or do I depend? If this is a question you ask yourself, then this guide, based on the bestseller, To Love or to Depend? is for you. In it, Walter Riso teaches us, in a practical manner and without too much theory involved, the steps we need to take in order to be able to love without being emotionally dependent. He provides ideas and processes that will help you develop the right skills to deal with emotional dependency, prevent it and/or create a lifestyle aimed at emotional independence and affective detachment.

"African Religions and Philosophy" is a systematic study of the attitudes of mind and belief that have evolved in the many societies of Africa. In this second edition, Dr Mbiti has updated his material to include the involvement of women in religion, and the potential unity to be found in what was once thought to be a mass of quite separate religions. Mbiti adds a new dimension to the understanding of the history, thinking, and life throughout the African continent. Religion is approached from an African point of view but is as accessible to readers who belong to non-African societies as it is to those who have grown up in African nations. Since its first publication, this book has become acknowledged as the standard work in the field of study, and it is essential reading for anyone concerned with African religion, history, philosophy, anthropology or general African studies.

Debates about the role and nature of the state are at the heart of modern politics. However, the state itself remains notoriously difficult to define, and the term is subject to a range of different interpretations. In this book, distinguished state theorist Bob Jessop provides a critical introduction to the state as both a concept and a reality. He lucidly guides readers through all the major accounts of the state, and examines competing efforts to relate the state to other features of social organization. Essential themes in the analysis of the state are explored in full, including state formation, periodization, the re-scaling of the state and the state's future. Throughout, Jessop clearly defines key terms, from hegemony and coercion to government and governance. He also analyses what we mean when we speak about 'normal' and 'exceptional' states, and states that are 'failed' or 'rogue'. Combining an accessible style with expert sensitivity to the complexities of the state, this short introduction will be core reading for students and scholars of politics and sociology, as well as anyone interested in the changing role of the state in contemporary societies.

Long before NESARA, a project was born to restore the United States of America to its original Constitution of the Republic, and to remove the structure of the Corporate United States. This project began in the early 1950's and involved intelligent and patriotic minds of both civilian and military background. These people over the years became known as the White Knights. Out of this restoration process came the Prosperity Programs, the Farmer Claims, and finally NESARA. The children of the wealthy families on our planet became concerned about the future of our civilization, when they observed the poverty, disease, starvation and suffering of the masses. They saw the imbalance between the wealth of the few and the destitution of the many, and agreed among themselves to try to correct it. One hundred of these wealthy children, who came to be known as "wealthy visionaries", put one million dollars each, of their money, into investment programs in the 1980's called "roll programs" to generate funds to be used for humanitarian purposes. Thus, the Prosperity Programs were born. Gradually, news of this spread to the public and millions of people invested small amounts of their meager funds to aid in these various Prosperity Programs success. Also, during the 1970's and 1980's many U.S. farmers were losing their land, machinery, buildings, and cattle due to fraudulent foreclosures by the Federal Reserve Banks, in cooperation with the IRS. Many farmers joined forces and brought a class action lawsuit against the U.S. Government, the non-federal Federal Reserve Bank, and the IRS, for fraud against the farmers.

Have you ever heard of NESARA (the National Economic Stabilization and Recovery Act) written in the 1970's? I bet not. No one has. But those who have heard about it are confused if it has something to do with the Mark of the Beast. These two topics are diametrically opposed to one another. A new financial system will be and is being released into the world (its corollary is called GESARA for Global Economic...) to pull the world away from the Fiat currency into a Gold-Backed currency that will bring about

freedom and a lack of Debt. But too many have read Revelation's responses about the Mark of the Beast. They believe, mistakenly, that NESARA and GESARA is the Mark. I explain how these are two different concepts of monetary value and how they are completely important for the world to understand. No more should you not learn about money. You need to understand it. Today!

"Activating your self-love is the first step towards any type of psychological growth and personal improvement. Of course I am not talking about the dark side of self-esteem, which leads to narcissism and fascination with the ego, but rather about having a genuine ability to, fearless and unashamedly, recognize your strengths and virtues, integrate them into the development of your own life..." In this guide, Dr. Walter Riso teaches us about the tools we need to help bolster our self-esteem; he teaches us to feed our self-love, freeing us from dependencies and stripping away all those things that weigh heavily on us. This, in turn, enables us to build our own happiness.

An easy-to-use and comprehensive guide that explores the intriguing dogma and rituals, cultural convictions, and often-checkered backgrounds and histories of the world's religions.

What we are all experiencing worldwide is not just another political event. "This is not simply another four-year election. This is a crossroads in the history of our civilization that will determine whether or not we, the people, reclaim control over our government. - POTUS " He's not just talking about the U.S. Government, or any single nation's government. He means Reclaim Control Over the Governing of the World from the worldwide criminal mafia. This will transform the world for 1000 years! Literally. Where do I get that? From the Bible. This is the Great Awakening. We are fighting the New World Order in this epic Battle of Armageddon. Good versus Evil. We are embarking on 1000 years of peace and health and wealth for all of humanity! The Bible calls this the Millennial Kingdom of Christ as in- "His Kingdom come, His will be done on earth as it is in Heaven." The Kingdom of Christ is when: * Christ assumes His authority as King on earth, * Christ removes those who have usurped His throne, * The "Good Guys" finally rule the earth with Him, straightening out this whole mess the DS criminals have made! No matter what the enemy tries, there's nothing that will stop this! The Bible is chock-full of this promise. Sadly most "Bible scholars" don't recognize it yet. Just like so-called "scholars" missed what the LORD was doing from time immemorial! Just like we have been under mass deception by "experts" for years! You are welcome to simply believe what religious pundits, and political pundits, and media pundits, and every other pundit says, OR You are invited to join the white hats in the fight to take back our world, and have your eyes opened to what the LORD has promised over and over in His Word, and how He is fulfilling those promises in our Day! You will be very glad you found this book.

The manufacturing of Greta Thunberg - for consent: the political economy of the non-profit industrial complex We are introduced to the not-so accidental phenomena of Greta Thunberg, the current child prodigy and face of the youth climate change movement. The "climate change is real" message is reframed for public consumption and rolled out at an international level, using Greta and her global platform to "sound the alarm" on climate change. This climate emergency is likened to a "house on fire", while urging the public to be serious, patriotic,

empathetic and, of course, nonviolent. Not one sentence of the new strategy mentions the horrific impact militarism has on climate change. The New Climate Economy being pushed by groups like Extinction Rebellion merely repackage our oppression into emergency mode. This urgency becomes global so that governments, NGOs and corporations will all direct immediate funding towards unlocking trillions of capital needed to save capitalism by further funding the new green imperialism. Today's youth are used and molded into market solutions to insulate a global elite. Celebrity-sponsored activism seeks to build a new industry in which NGOs, the media and corporate powers collude to get people to support the very industries we should be erasing from the planet. The planet's most powerful capitalists lie behind these "youth-led" movements for climate change, helping to manufacture consent for the "fourth industrial revolution" in an attempt to quell resistance to industrial civilisation.

When a mysterious virus suddenly appears everywhere, the rich and powerful waste no time in stripping away citizens' rights all over the world. As fear and confusion reign, a plan for human beings is coming to fruition. Soon husbands will be separated from wives, and children will be separated from their parents. Old people will disappear from the face of the earth. For one adult called Frank, he will find himself inhabiting a tiny pod in a massive city. For company he will only have the four walls and the soft female voice of A.I. surveillance that will monitor his every move, his every breath and even every pulse of his heart. As Frank tries to understand more about this new state of affairs, he uncovers the truth: the human race is composed of two sub-species; and one of them has always fed - and still does feed - on the other.

It is all coming down : —The meeting between the 57 Finance Ministers from around the world that took place on board a ship off the coast of Monaco is beginning to quietly emerge as a powerful and dynamic shift in Global Economics and potentially in Global Politics as former Presidents and Prime Ministers of countries who have sided with the Banking Cabal, are now already jumping ship and supporting the growing movement toward proper financial management of the Global Accounts around the World. A cataclysmic shift in both Global Politics and Economics is now well under way. World Governments are coming to understand how the Global Banking System is systematically looting entire economies through theft, fraud, deception and manipulation, which in turn forces Governments to raise taxes that citizens should not have to pay.

Martin Gardner's Mathematical Games columns in Scientific American inspired and entertained several generations of mathematicians and scientists. Gardner in his crystal-clear prose illuminated corners of mathematics, especially recreational mathematics, that most people had no idea existed. His playful spirit and inquisitive nature invite the reader into an exploration of beautiful mathematical ideas along with him. These columns were both a revelation and a gift when he wrote them; no one--before Gardner--had written about mathematics like this. They continue to be a marvel. This volume is a collection of Irving Joshua Matrix columns published in the magazine from 1960-1980. There were several collections of Dr. Matrix, the first in 1967; they were revised as Gardner reconnected with the good doctor over the years. This is the 1985 Prometheus Books edition and contains all the Dr. Matrix columns from the magazine.

TODA LA VERDAD SOBRE NESARA POR ADAMUS SAINT GERMAIN A TRAVÉS DE NGARIPalibrio

Regine Pernoud, the highly acclaimed French medieval historian, and author of best-selling titles on Joan of Arc and Hildegard of Bingen, as well as the book *Those Terrible Middle Ages*, presents an enlightening biography of one of France's most revered saints, and man whose impact on France, and Europe, continues to this days. Martin of Tours lived in the 4th century, at that great turning point in history when the Roman Empire fell and the Church took charge in the West. He left a successful career in the military life to become a monk, and later a Bishop who traveled extensively, evangelizing the countryside and creating that particular sort of community life in a village that is now called a "parish." More than four hundred towns and some four thousand parished in France are named after St. Martin. The term "chapel" is derived from the actual church where pilgrims venerate Martin's "cape" or cloak. Martin of Tours was a servant of the common man, as well as the nobility, and a very humble man who responded to the needs of his times and opened up vast perspectives for ordinary, everyday life. Given the crisis of the Christian Faith now facing France and all of Europe, the story of this solid and great apostle and Christian evangelist is a timely one indeed.

In 2016/17 I wrote 'The Asylum'. In that book I wrote about how the deep state have controlled planet Earth for eons. In this book two we continue with these topics and I take the reader further down the 'rabbit hole' with new and updated information. This includes a recap from book one, the stages of human awakening, project fear, 'loosh', the CIA, psyops, media control and fact checkers. How it all may have begun with A.I., the Draco reptilians, the Parents, secret societies, institutes and the Illuminati and their symbolism and numerology. How the deep state were taken down by Donald Trump and the 'Q' team, Black Nobility, adrenochrome, cloning, DUMB's, the CPS, Pizzagate, Jeffrey Epstein and Ghislaine Maxwell, human hunting, arrests and indictments, Lin

Wood, MS-13 and the Bush funeral. Good versus Evil. Elections and voting, election fraud history, 2020 US election, Trump's unreported acts. Operation Lockstep, masks, vaccines. Secret patents, age regression tech. Project Looking Glass. Nesara/Gesara. Frankenfoods, weather modification, drugs. The Secret covenant and some future predictions. This is the battle upon planet Earth that the black hats have been winning against the white hats, but this is changing and people are starting to awaken to their schemes. The white hats are changing the outcome in this battle between good and evil. This is a spiritual war and the tide is turning. Welcome to the lunatic asylum that is planet Earth.

Have you ever wanted to understand the book of Revelation, but all the symbolism left you dazed and confused? And the movies and books on the subject make it even worse! Well, FINALLY the truth about End Times has been revealed! It might take reading this book a few times, to sort out all the confusion and misinformation we were told. But, this is the wonderful truth. Finally. And, best of all, after we get through these very strange "End Times," we truly will enter 1,000 years of peace on earth. Enjoy.

Nesara – Ley para la Recuperación de la Estabilidad Económica Nacional – es de la mayor importancia, y está en vigor en Estados Unidos desde el 9 de marzo del año 2000. Envuelve un proyecto de prosperidad para todo el planeta, que incluye la reformulación de todo el sistema financiero y de la actuación de los bancos; el establecimiento de una moneda única, totalmente respaldada por una riqueza real, en oro, plata y piedras preciosas. La extinción del Federal Reserve Board, la Reserva Federal de Estados Unidos; elimina el impuesto sobre la renta, reemplazando-o por un impuesto único; envuelve un armisticio internacional, y la consecuente extinción de las guerras en el planeta, entre otras cosas. La base de NESARA consiste en desarrollar una abundancia progresiva para todos los habitantes del planeta, y que a la vez, sea auto-sostenida. Como director de la Era Dorada de Paz y Amor en la Tierra, Saint Germain nos revela en ese libro, todo lo que las Fuerzas de la Luz están haciendo para lograr la evolución del planeta y de sus habitantes. Y enséñanos el camino para ascender junto con ella, orientando a los lectores, sobre lo que podemos esperar de la nueva sociedad galáctica que se instala a partir de ahora. También aclara que el caos que estamos viviendo ahora mismo, nada más es que el viejo que se derrumba, para ceder espacio al nuevo que llega. Saint Germain nos da una amorosa y muy amplia visión, de lo que ha pasado, mientras la mayoría de la población mundial aún dormía. Menciona la gran expansión de consciencia y el consecuente despertar, que ha empujado a tantos movimientos sociales alrededor de todo el mundo. Y nos asegura que de ahora en adelante, vamos a asistir a la aurora de ese mundo mejor que todos llevamos en nuestros adentros. Y que la Tierra vuelve a ser el planeta luminoso, como ha sido creado. Y que además, la libertad de SER ya es una realidad para todos los que participan de esa transición planetaria.
