FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

At the turn of the 21st century, corporate scandals at major companies like Enron, Tyco International, and WorldCom cost investors billions of dollars and shook public confidence in the securities market. In 2002, in direct response to these scandals, Congress passed the Sarbanes-Oxley Act, a sweeping set of new standards for the operation of all U.S. public company boards, management, and public accounting firms. Among its many reforms was the requirement that senior officials take personal responsibility for corporate finances. This book's exploration of the relationship between corporate governance and operations uses the requirements of the Sarbanes-Oxley law as a guide and the internal controls of the ISO 9001 Quality Management System as the interface medium to unite the strategic and tactical functions of the corporation. In the process, it introduces new concepts of process liability and materiality and stresses management ethics and responsibility, as well as efficient and effective

governance.

Mechanics, also known as automotive service technicians, make vital contributions to their communities; their work on cars and other vehicles helps to keep streets safe and limit emissions. In this resource, readers will find everything they need to know about becoming a mechanic: what the job involves, what skills are needed, how to prepare, where to find training and job openings, and the future outlook for men and women in the field. Being a mechanic is an exciting career option for teens who enjoy technology and working with their hands.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Beautiful, beloved college sophomore Brianna Denison was home for the holidays in Reno, Nevada. After a long night out, she crashed on a friend's couch. It would be the last time the child psychology major was seen alive. Her

strangled body was found in a field nearly a month later. But Brianna was not the first victim of a murderer with a disturbing fetish, and the patience to search for his favorite prey--petite, vulnerable brunettes. In unflinching detail Gary C. King recounts the hunt for James Biela, an ex-Marine turned rapist and killer. The investigation would lead authorities to a maze of troubled relationships, crucial DNA evidence, and ultimately a death sentence--bringing this shocking true-life thriller to a chilling end. . . Praise For Gary C. King's True Crime Books "A page-turner for true-crime fans." --Vincent Bugliosi "Will leave you gasping." --Jack Olsen "Thorough, thoughtful, and unforgettable." --Inside Detective magazine Includes 16 Pages Of Dramatic Photos

Bob, with sections by his daughter, Hannah, will walk you through sixteen years of raising children who got addicted to drugs, spent time in jail, and ultimately, one of his children committed suicide on June 18, 2014. This is a story of restoration, redemption, faith, and hope in the midst of chaos and disaster, but with guidance along the way, for the reader to learn from Bob's experiences. The aim of this book is to help others who are struggling with the abuse and/or the addictions of a loved one. Each chapter ends with lessons learned from Bob's or Hannah's experiences. If you are dealing with a loved one and struggling to understand what is going on and what you can do to work through the situation or perhaps, you just plan to have children some day, read this book and give it all up to prayer as you seek His guidance in your situation.

the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway) Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers) GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago) You can save \$2,000 by cutting freight fees and "administrative" charges) Diesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for \$25 worth of urea) Lemon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover,

Business Ethics provides a thorough review and analysis of business ethics issues using several learning tools: Strategic Stakeholder Management as the Theme: All chapters use a strategic stakeholder approach as a unifying theme. The text is thus the first text that adopts this approach. Most business ethics scholars and practitioners agree that successful ethical companies are the ones that can strategically balance the needs of their various stakeholders. By adopting this approach, students will be able to see how the various aspects of business ethics are connected. Theory-based and Application-based: All chapters have important applicable theories integrated with discussion of how such theories apply in practice. Unlike other texts that are either too theoretical or too practical, this text provides the appropriate blend of theory and practice to provide deeper insights into the concepts covered in the chapter. Global Perspective: Unless most other texts, this text provides a global perspective on business ethics. Most chapters include material pertaining to ethics in global contexts. Included are cases about companies in a wide range of countries including Japan, U.K., China and India among many others. Cases: The text contains over 30 real world global cases. Each chapter ends with a short two page case as well as a longer case that varies in length. Each has discussions

questions at the end. Finally each of the four parts ends with a Comprehensive Case; proven teaching cases from The Ivey School and other sources. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Author Trenton McGee, 4x4 suspension expert and host of Outdoor Channels Off-Road Adventures, explains 4x4 suspension systems in an easy-to-understand manner. He gets specific on types of suspensions available from all the major manufacturers including Jeep, Toyota, Ford, Chevy, and Dodge. He goes into a great level of detail on every different model, including early and modern model systems.

A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips.

Discover how to choose a quality repair facility, buy a car, handle roadside emergencies, diagnose common problems, and communicate effectively with technicians – all while saving money.

of another woman. Jana Embers isn't one to sit back, though. The first thing Jana realizes she needs to do is empty the joint bank account, then she's thinking she might take a tire iron to her soon-to-be-ex-husband's truck. After that, she's not sure what she'll do ... Maybe she'll adopt a cat.

For the first time in one volume, Phil Edmonston, Canada's automotive "Dr. Phil," covers all used vehicles, packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years.

Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters. Congress is considering legislation to strengthen federal regulation of auto safety. Contents of this report: (1) Intro.: Nat. Highway Traffic Safety Admin. (NHTSA); (2) Fed. Oversight of Auto Safety: Sudden Acceleration Complaints; Audi Historical Precedents; Toyota-Related Complaints Since 2000; NHTSA Response to Toyota Complaints; (3) Toyota: Toyota Corp. Structure; Black Box Avail.; Recall Impact on Toyota Sales; Toyota Lobbying; (4) Policy Issues and the Congressional Response: Does NHTSA Have Enough Resources for Defects Investigation?; Is the Toyota Issue a Sign of Broader Problems Within the Auto Industry?; Are Electronics and Software Testing Stringent Enough?; Electronic Throttle Problems. Illustrations.
