Presents the author's parable about change framed in a story about a group of high school friends trying to handle change in their lives.

If you were a mouse trapped in a maze and someone kept moving the cheese, what would you do? Over a decade ago the bestselling business fable *Who Moved My Cheese?* offered its answer to this question: accept that change is inevitable and beyond your control, don't waste your time wondering why things are the way they are, keep your head down and start looking for the cheese. But success in the areas of innovation, entrepreneurship, creativity, leadership, and business growth—as well as personal growth—depends on the ability to push the boundaries, reshape the environment, and play by a different set of rules: our own. With that in mind, Harvard Business School professor Deepak Malhotra offers a radically different answer to this question. Malhotra tells an inspiring story about three unique and adventurous mice—Max, Big, and Zed—who refuse to accept their reality as given. As we watch their lives unfold and intersect, we discover that instead of just blindly chasing after the cheese, each of us has the ability to escape the maze or even reconfigure it to our liking. In the face of established practices, traditional ideas, scarce resources, and the powerful demands or expectations of others, we often underestimate our ability to control

File Type PDF Who Moved My Cheese An Amazing Way To Deal With Change In Your Work And In Your Life

our own destiny and overcome the constraints we face—or think we face. I Moved Your Cheese reminds us that we can create the new circumstances and realities we want, but first we must discard the often deeply ingrained notion that we are nothing more than mice in someone else's maze. As Zed explains, "You see, Max, the problem is not that the mouse is in the maze, but that the maze is in the mouse."

This concise and brilliantly readable parable can teach you how to live in the present and reset your approach to life to achieve happiness and contentment. From the multimillion-bestselling author of WHO MOVED MY CHEESE? and perfect for fans of Derren Brown, Mark Manson and Glennon Doyle. What Readers are saying: ***** - 'A wonderful book which makes you appreciate life and what we have.' ***** - 'I have certainly found a way that might help me to find my purpose in life and regain my enthusiasm again.' ***** - 'What a great little book... makes you feel good all the way through. Parody Who Cut the Cheese? is a parable (Latin for "terrible parody") in which four characters must find a way through a maze in their hunt for "Cheese." But please keep in mind that this cheese is actually symbolic of the things that we all want out of life: success and self-confidence, a nice house, a loving marital relationship, perfect children, a loyal dog, indoor plumbing, good Chinese food, several million tax-free dollars, and red-hot sex with multiple partners. The "Maze" in this story is symbolic of the twisting, turning, confusing, mugger-filled blind alleys of Your Life. More important, since you're being compared to a rat in this book, the whole "Maze" analogy works like a charm. When you come to see the "Psychobabble on the Wall," you can discover for yourself how to deal with change and how to find the Cheese that will make your life joyous and fulfilling. Failing that, feel free to take crayons and color in all the pictures. It's fun, it's therapeutic, and it will make it impossible for you to return this book for a refund. The mice are named Sniff and Scurry, while the little people are named Hem and Haw. They all live in a maze, a model of the outside world. Initially without cheese, both groups go looking for cheese in pairs. One day, both groups find a cheese-filled corridor at Cheese Station C. The human establish routine around this cheese station and eventually become arrogant. Upon arriving at Cheese Station C one day, Hem and Haw see that the cheese is over. However, they are not surprised as they noticed the quantity slowly dwindling and are mentally prepared for the arduous task of finding more cheese. Later, Hem and Haw arrive and see the cheese missing. They are angered, with Hem exclaiming "Who moved my cheese?". Realising the apparent finality of their situation, Hem and Haw mourn the unfairness of life. Eventually Haw realises that they ought to step out of their despair and go looking for more cheese. Although initially discouraged by Hem and his negativity, Haw sets out. Before he leaves, he jots down messages on the wall, "If you do not change, you can become extinct" and "What would you do if you weren't afraid?", in the hope that it will inspire his friend. In the meanwhile, the two mice have found a better cheese source in Cheese
