

## Wolfs Rain Vol 2

Ten years ago, the mysterious Hell's Gate suddenly materialized in the middle of Tokyo, and the stars of the night sky were obscured in darkness. In their place, new stars emerged, each corresponding to an individual endowed with supernatural abilities. Devoid of emotion and conscience, these powerful killers have come to be known as Contractors. But most people know nothing of the Contractors in their midst, and high-schooler Kana Shinoh is no exception. Still struggling to pick up the pieces after her father's death last year, Kana has never troubled herself with the rumors about Hell's Gate. That is, until she spots her father in the street one day. Determined to prove her father is still alive, Kana begins her search, but her mission is attracting some rather dangerous attention. Fortunately, she is rescued from the clutches of death by Hei, the most wanted Contractor in Tokyo. Though he is unsympathetic to her situation, Hei agrees to protect her as she searches for her father. But just how much should she trust the Contractor known as the Black Reaper?

Turns out, she's a reaper of "no-lifers" and if Kaoru can't find a way to become a true "real-lifer," he's as good as dead...!

THE FIRST DAUGHTER IS FOR THE THRONE. THE SECOND DAUGHTER IS FOR THE WOLF. As the only Second Daughter born in centuries, Red has one purpose - to be sacrificed to the Wolf in the Wood in order to save her kingdom. Red is almost relieved to go. Plagued by a dangerous power she can't control, at least she knows that in the Wilderwood, she can't hurt those she loves. Again. But the legends lie. The Wolf is a man, not a monster. Her magic is a calling, not a curse. And if she doesn't learn how to use it, the Wilderwood - and her world - will be lost forever. Hannah Whitten's New York Times bestselling debut is a sweeping tale of love, legends and the secrets that hide beyond the trees. 'I loved it! I was completely swept away by the world-building, the characters, and the delicate gorgeousness of the writing! A brilliant dark fantasy debut' Jodi Picoult 'Dazzling . . . This is sure to enchant' Publishers Weekly (starred review) 'An unputdownable fairy tale that traces the boundaries of duty, love, and loss. A masterful debut from a must-read new voice in fantasy' Kirkus 'A glorious journey through woods deep and so very dark. A stunning debut' Erin Craig, author of House of Salt and Sorrow

New York Times bestselling author Nalini Singh takes us on a new adventure in this next novel of the Psy-Changeling Trinity series... The end of Silence was supposed to create a better world for future generations. But trust is broken, and the alliance between Psy, Changeling, and human is thin. The problems that led to Silence are back in full force. Because Silence fixed nothing, just hid the problems. This time, the Psy have to find a real answer to their problems--if one exists. Or their race will soon go extinct in a cascade of violence. The answer begins with an empath who is attuned to monsters--and who is going to charm a wolf into loving her despite his own demons.

This brisk retelling of Le Morte D'Arthur highlights the narrative drive, humor, and poignancy of Sir Thomas Malory's original while updating his fifteenth-century English and selectively pruning over-elaborate passages that can try the patience of modern readers. The result is an adaptation that readers can enjoy as a fresh approach to Malory's sprawling masterpiece. The book's most famous episodes--the sword in the stone, the cataclysmic final battle--are all here, while lesser-known key episodes stand forth with new brightness and clarity. The text is accompanied by an up-to-date bibliography, including websites and video resources, and a descriptive index keyed--like the retelling itself--to the book and chapter divisions of William Caxton's first printed edition of 1485.

NEW YORK TIMES BESTSELLER The ultimate guide to animal flatulence: the perfect gift for anyone who has ever farted. Dogs do it. Millipedes do it. Dinosaurs did it. You do it: I do it. Octopuses don't (and nor do octopi). Spiders might do it: more research is needed. Birds don't do it, but they could if they wanted to. Herrings do it to communicate with each other. At the beginning of 2017, an innocent question on twitter about snakes formed the hashtag #doesitfart and spread pungently across the internet - and major newspapers - as dozens of experts weighed in on which animals do and don't fart, and if they do, how much, how often, what it's made of, what it smells like, and what it's for. Does it Fart? is the result: the fully authoritative, fully illustrated guide to animal flatulence, covering the habits of 80 animals in more detail than you ever knew you needed. What foods make hyena farts smell especially bad? What is a fossa, and does it fart? Why do clams vomit but not fart? What is a fart, anyway? With contributions from dozens of biologists, Does it Fart? is a book that will allow you to shift the blame onto all kinds of unlikely animals for years to come.

In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, *The Financial Times*
